## WE NOMINATE

Charles Coulston Gillispie, an incisive historian with a tremendous range of interests and knowledge, who has made "scholarly history" this month with the appearance of the first two volumes of *The "Dictionary of Scientific Biography,"* an undertaking hailed as a first work of reference in a science-dominated age. The 52-year old Gillispie, a Princetonian since 1917, is editor-in-chief of a mammoth 13-volume series (the initial two publications run to some 1,250 pages) which will place on library reference-shelves the "professional lives" of the 1,000's of men and women who have made identifiable contributions to "the profession or community of knowledge."

Edited almost wholly by a board of American scholars, the Gillispie-directed dictionary contains articles written by specialists from all over the globe and is a monument to international cooperation. Nor could this work, in the opinion of one critic, "have been produced so well without drawing on the scholarly resources of so many countries; the profession of historian of science" (in which Gillispie is a pioneer) "is too young and too small for any single nation to have provided enough experts for the job." Yet it is an American enterprise, supported by the National Science Foundation and issued under the auspices of the American Council of Learned Societies.

When *The "Dictionary"* was announced some five years ago by its publishers, Charles Scribner's Sons, New York City, the many-faceted Gillispie — as interested in undergraduate education as he is in his own researches — noted that much of the information appearing in textbooks and other reference sources as the "history of science" consists actually of "legends and half-truths. . . . My colleagues and I," he went on to say, "want to substitute an accurate history of science

for a widespread issue of misrepresentation and an even wider ignorance of this fascinating and essential theme in the history of civilization."

The last incumbent of one of Princeton University's most distinguished chairs, the Shelby Guillem Davis Professorship of European History, Gillispie, a native of Harrisburg, Pa., and a Third Army veteran of World War II, completed an interesting "apprenticeship" before embarking upon his career as a specialist in the history of scientific thought. A member of the Class of 1910 at Wesleyan University, where he earned Phi Beta Kappa and Honors while majoring in mathematics and chemistry, he carried forward graduate work in chemical engineering at M.I.T. before returning to Wesleyan to complete his M.A. in history and then his doctorate in history at Harvard in 1919.

Frequently insisting that understanding science "is not just a matter of technique," and opening up for students the "cultural dimensions and philosophical implications of science," Gillispie moved rapidly up Princeton's faculty ladder: Assistant Professor in 1930, the Witherspoon Preceptorship in 1933, a full Professorship in 1939 and the Davis Chair four years ago. In the mid-1960's, under the chairmanship of Whitney Jennings Oates, he was a contributor to a report by the Commission on the Humanities which was one of the "documents of influence" leading to the establishment of the National Humanities Foundation.

For meriting the gratitude of generations of scholars and readers for his part in shaping a monumental reference work; for helping close the gap between the "cultures" of the scientist and the non-scientist; for relating the disciplines of science to the onward, if not always upward, movement of civilization; he is TOWN TOPICS' nominee as

**DRUGS AND WEDNESDAYS**  
Curtain going Up. It was, in a way, Opening Night for the Princeton Regional School Board Tuesday, the first regular public meeting since the start of the school year.

And it turned out to be the same cast taking the same roles, with one or two new turns, in that old melodrama: "The Wednesday Program."

Art II is still to come.

The state legislature is requiring that all schools run a drug education program this fall for teachers. It must be completed by December 15. On

one session can be held per week, says the law, and it can not last longer than three hours.

The Wednesday Program with its weekly closing of regular school sessions at 1 p.m., seemed a natural. But teachers with on-going projects carried over from last year or with new projects already begun, felt that Wednesday activities were "too vital" to be set aside.

Representatives of the teachers' Princeton Regional Education Association, the Representative Council of the Wednesday Program and the Administration, hammered out a compromise attempting to bind the state's rigid restrictions into a workable schedule.

**How and When?** The proposal: five sessions, three on Wednesday and two on a pair of Monday afternoons with 1 p.m. dismissal. The board discussed the proposal in executive session Monday, saw it in writing for the first time late Tuesday afternoon.

Witherth Pike, who has no posed the Wednesday Program, said he preferred Wednesday for the drug project because it would mean "less disruption."

He was joined by Dr. Philip Cruikshank, also cool to the Wednesday Program, who suggested the Program would be an "ideal forum" for the drug project.

Having this drug education program on Wednesday would get the Wednesday Program, declared Dr. Nathaniel Boon, from the audience of about 40 persons. "Let's get it out in the open: those who feel the Wednesday Program is meaningful won't agree on this with the people who don't like it and never have. If schools close one two Monday afternoons, it may serve to remind parents that there is a drug problem."

I suggest that using Wednesday would be an excellent vehicle for gaining support of the Wednesday Program, said Robert Cronin in the audience.

**Compromise?** Mrs. Ruth Randall, president of the P.R.E.A., told board and audience that teachers are reluctant to sacrifice their Wednesday work.

The drug problem is important enough for teachers to agree to modifying their contract, Mrs. Randall stated. If we can compromise, surely the board can, too. Mrs. Randall was referring to addition

**ANTIQUE LIGHTING EXHIBIT:** The Historical Society of Princeton will exhibit antique lighting devices beginning Oct. 12 at Balmbridge House. Mrs. Alma R. Field (right), chairman of the Society's Exhibit Committee, and Mrs. Jack Himmeler, one of her assistants, are planning the exhibit. James Mitchell, the New Jersey State Museum's assistant curator of Americana, will provide some of the pieces on loan from the museum.

last night, Wednesday's aren't part of the teachers' contract.

Board and audience seemed to agree that all teachers, kindergartens through 12th grade, should be included in the drug education program although the state requires only teachers in grades 7-12. Superintendent Philip E. McPherson said all teachers, including elementary, could attend Monday's if the schools were closed in the afternoon.

Dr. Henry Powsner then moved to accept the three Wednesday, two Monday compromise with early Monday closing so all teachers could at

least have one day off.

**A Continuing Guide Toward Election Day**  
"Why I Plan to Vote," an annual TOWN TOPICS feature for nearly two decades, begins this fall on page 36.

Each year, key citizens, at the invitation of the two political parties, declare in "Why I Plan to Vote" their reasons for deciding which way to cast the ballot.

This week, candidates for Township Committee are under consideration. Next week, it will be Borough Council's turn. The third week, "Why I Plan to Vote" will discuss the candidates for Senate and House of Representatives. The fourth week, the Township will have a second turn and the week before election, the Borough candidates will again be under discussion.

**Sanford B. Reynolds**, writing for the Township Republican candidate, lives at 185 Topham Road. A member of the Joint Recreation Board, he is president of the Midway Football League and was its founder. He is with the Young & Rubicam advertising agency.

**Carl F. Helm**, writing in favor of the Democratic candidate, lives at 207 Mr. Lane Road. He is a professor of psychology and computer science at City University of New York.

and. It was voted down by a 3-4 vote.

**Vote No. 1.** Mr. Pike, Dr. Cruikshank and Mrs. Kathleen Edwards, who has also supported the Wednesday Program, voted "yes" and were joined by Dr. William Abrams and Dr. William Marvel who both said they wanted alternatives.

From the audience, Jim Lott (PHS student on the school's liaison committee to the board), suggested that "a lot of people" in the P.R.E.A. and administrators have already considered alternatives.

**Vote No. 2.** Then Mr. Pike moved that all teachers K-12 be included in a drug program to be held Wednesday afternoons only. That motion was also voted down 3-4. Everybody

noting the entire board for the National School Board Awards Program sponsored by the Association of Classroom Teachers of the National Education Association and for some reason in Thon Mean and company. The doctor also

pleased it, that led the P.R.E.A. to decide on the nomination was the board's support and endorsement of the Wednesday Program.

"The Wednesday Program wasn't created as a model for special programs as they come along," stated Dr. Powsner. "Eventually we could have things Wednesday with various things and defeat the whole purpose of the Program."

The issue here is a total state mandated program not just any little thing," replied Dr. Marvel. "I'm disturbed over this division apparently over its feelings about the Wednesday Program. This should not be a divisive question on testing your feelings on the Wednesday Program by how you vote on this matter. I believe in the Wednesday Program and have consistently voted for it."

**Will It Help?** From the audience, PHS student Karl Barmack, a high young lady on the liaison committee, stood up, head and said, "Really, the whole state program won't have that profound an effect on the drug problem in the high school. It's not going to stop somebody smoking pot. The most important thing is the student-teacher relationship. The Wednesday Program is created to this, so please take away as continued on Next Page

little Wednesday time as possible.

We hope the student teacher relationship is indeed the thrust of the drug education program," replied Dr. Charles Hufel, director of Special Services in charge of implementing the state law.

Vote No. 3. On still a third vote, to talk about alternatives, it was again 5-4. Dr. Abrams voted "yes" this time, along with Dr. Marvel, Mr. Pike, Dr. Cruickshank and Mrs. Edwards, and that was the curtain for Act I.

"I am deeply disappointed that the board went against the plan," said Dr. McPherson.

Next week, on a date to be announced, the board will hold a special public meeting to settle this and some other business.

Vocations. Unanimously, the board voted to urge the Mercer County Board of Chosen Freeholders to "timely action" — meaning "hurry up!" — on a "time shared" vocational schools outside Trenton, one on a site in Lawrence Township the other in Hamilton, to serve pupils throughout the county.

Freeholder Charles Farrington, in a lengthy letter, described to the board his opposition to the plan, as proposed by the County Vocational School Board Mr. Farrington would rather see a county supported school in Trenton where, he says, the need is greater than elsewhere.

He proposed only one outside-Trenton site — in Hamilton on a farm tract across from Mercer County Community College. The land is now being acquired by the county and could be used for a vocational school at no cost," he stated.

Nicholas Altieri, director of the county vocational board, convinced the Princeton board that the original two-sites-plus-Trenton is the best plan. Trenton already has a vocational school. Ultimately, he pointed out, it will be incorporated into the county system.

Princeton's Long - Range Planning report will go to the board in mid-October and be released publicly shortly after November 1, reported Dr. Marvel.

Anticipating an active pre election fall, Dr. Powsner suggested the board decide now not to alter the high school schedule to accommodate participation in the Movement for a New Congress. With parental approval, high school students can already be excused from class by the principal, he pointed out.

In a Memorial Minute read by Mrs. Edwards, the late Mrs. Helen Taylor was cited as a rare and unique person who, as a health aide at John Witherspoon and chairman of the Elizabeth Taylor Byrd Fund for scholarships for black students, "touched the lives of many people with her warmth and innate wisdom. She will always be remembered."

TOWN TOPICS reaches every home and place of business served by the Princeton post office. By understanding the figures no other Princeton newspaper does half as well.

## SCHOOL BOARD, ANYONE?

New Group Seeks Candidates. A second group of Princeton citizens has formed for the purpose of scouting out candidates for the Princeton Regional School Board election in February.

It's The Committee to Princeton School deliberates to its members. About 50 people have attended the two meetings held so far. Dr. George Cody candidate for the board in 1968 has been chosen chairman. Members include Mrs. Esther Roberts, Mrs. Jean Gilpin Jay Lucker, Mrs. Suzanne Freeman, Mr. Ann Johnson, Barnett Sams, Mrs. Bonnie Wagner and Mrs. Ruth Lotz.

The first group to announce its formation was CARES which means Citizens After Responsible Education and Schools.

The new Committee for Princeton Schools, in a statement of purpose, says, "A primary aim is to maintain the spirit of continuity and stability in the difficult task of improving our schools. The committee is opposed to efforts to disrupt the Administration, but rather it encourages the Administration to continue to explore and evaluate a variety of educational programs which may prove beneficial to our children."

The two groups are, in short, apart CARES, generally speaking, opposes the present Administration and Superintendent Philip E. McPherson; the Citizens' generally speaking, support Administration and Superintendent.

Excellence a Goal. The Committee for Princeton Schools states its commitment to "the continuing development of excellence in all phases of our educational system. This requires the orderly evolution of teaching techniques to achieve the most effective methods possible. It also means stimulation of our students to acquire individual motivation to benefit from their educational opportunities."

Dr. Cody, who emphasized that he was speaking only for himself, said he felt that "By meddling too much with the Administration and insisting on day to day involvement with running the schools, the Board could make it more and more difficult for us to have good teaching."

"I'm not concerned with radically changing the policies of the last three years," he continued. "I'd like to see them continued."

He said that the new Committee will not only seek out candidates for the board, but promises active support for people who do decide to run.

Dr. Cody also emphasized that the new Committee does not intend to be divisive. "People in Princeton are sick of fighting with their neighbors about details neither is equipped to decide," he said. Those interested in the new group may call Dr. Cody at 921-2714, or Ted Allen at 924-3406.

### HOW'S YOUR HEALTH?

Under Discussion. For the first time ever, Borough and Township Boards of Health sat down together Tuesday night to peer at these people from across the municipal dividing line. The Borough Board of Health proposed the meeting. It was a private, executive session. It followed the Township Board of Health meeting of last Thursday, at which the possibility of health consolidation was opened, examined, criticized and seriously discussed almost for the first time.

Basis for Thursday's meeting and the Tuesday executive session is the League of Women Voters' report recommending either Borough-Township health board consolidation, or, preferably, a three-way merger drawing in West Windsor.

A new state law is the underpinning for the League's recommendation. And under that law, consolidation could simply be ordained by the municipalities involved with out the approval of the health boards.

Township Mayor John D. Wallace said firmly, however, that "it would be folly to consolidate without the support of the boards of health."

Township Committee unanimously endorsed the League's report and Mayor Wallace and Committeeman Thomas Hartmann took their enthusiasm to the Thursday board meeting. In the Borough, the Board of Health reviewed the League's report September 15, and talked it over with Council last Monday.

"Our board isn't entirely in agreement with the report," says David Blake, Borough health officer. "We have pro-and-con feelings on a consolidated district. The state, of course, would like an even larger health district, maybe including Hopewell and East Windsor."

The Township board wasn't entirely in agreement, either.

"But we are all open," insists Dr. William Kleinberg,

chairman of the Township board. "We have no protest against consolidation with the Borough—but is there an advantage? That is our question."

He adds that the board wonders whether coverage over a wider geographic area would indeed be better than local coverage.

Mayor Wallace and Committee have asked the Township Board of Health for a definite recommendation.

Yes or no. "We'll keep after them for a formal written statement," he warns.

Princeton Township has good health services as far as they go," the mayor says, "but we're not moving into new areas. The board hasn't said a word about the drug problem, for example. And long range problems of pollution are clearly going to be a major concern."

The major thing is, we can improve the service to the overall community, including West Windsor," he declared.

Mrs. Marcella Farley, Township health officer says "yes" to Borough-Township health consolidation because "we are so much alike and have been so closely united for so many years." "We really could get along."

Township board member Dr. Elmer Alpert said after Thursday night's meeting that he had no objection to a Borough-Township consolidation, either.

In the Borough, Mayor Robert W. Cawley said this week, "I believe if you can serve a larger area, there may be benefits, overall. But I would want to see some tangible advantages: cost savings to the Borough, ability to get more mount programs in areas we aren't in now."

At present, the Borough provides health services under contract to West Windsor and Mayor Cawley said this was "working well."

Borough and Township are already partially consolidated in personnel; they share Sanitarian Pascale Pittore, who does inspection work.

### TRAGEDY IS PREVENTED

By Alert Officers. A Princeton couple escaped possible death last week, after two Borough police officers smelled

death and traced it to their home. Sgt. Theodore Lewis and Ptl. Douglas Watson ran into the home of Mr. and Mrs. Berard Tormey of 25 Hawthorne Avenue at 1:40 Thursday morning. Inside, they found the elderly couple almost overcome by smoke from a flaming mattress.

The officers managed to toss the mattress out the second floor bedroom window, aided by Ptl. Charles Harris, who lives at 21 Hawthorne.

Mr. Tormey was taken to Princeton Hospital by police, where he was treated for

#### SUFFERS HEART ATTACK

In Palmer Stadium, a retired investment executive suffered a fatal heart attack Saturday as he watched the Princeton Rangers game in Palmer Stadium.

Milija Rohesania, 70, of Long Island was pronounced dead at Princeton Hospital Saturday afternoon after he was removed from the stands at 1:59 by the Princeton First Aid and Rescue Squad. Attempts to revive the former partner in the investment firm of Merrill,

Lynch, Fenner & Smith failed. He had retired in 1956.

#### NO RECOUNT APPEAL

Republicans Make Suggestions. Election recount, decisions should be unappealable, a Republican official said this week in light of Democratic Mayor P. Lombardo's announcement last week that he would drop the appeal he filed with the Appellate Division of Superior Court. Mr. Lombardo was appealing the decision of last year's Borough Council election to Republican Charles Cornforth by one vote.

The Republican official is Barbara C. Donaldson, Princeton Borough Captain of the Mercer County Republican Committee. She credits Samuel Cornforth III, counsel for Cornforth during the recount and subsequent appeal, with the suggestion that nobody should be allowed to appeal an election recount.

Mrs. Donaldson points out

#### What Heat Wave?

I never saw anything  
Fall quite so quick  
As mercury breathes  
With winter's first knell.

After setting a record by providing five straight days in late September with temperatures readings over 90, the thermometer finally brought more normal levels for early fall. Some of the pre-dawn figures in the low 40s are a forecast of a chilly future.

For the present, however, the trend is most slowly upward again. Clearing skies are forecast for Thursday, with a mild, generally pleasant weekend in store.

Just the recount on November 18 was attended by many representatives of both parties, of the county board of elections and the municipalities who were in to see that the voting machines were properly handled and that at the Mercer County Court House where the absentee ballots were examined, a similar representative group were present.

Clint Mr. Lombardo's statement that he will ask the legislature for a bill giving Superior Court judges the right to determine ballot validity. Mrs. Donaldson recalls "Judge Barlow pouring over ballots for changes in the characteristics of an X or a check mark, to see whether such a mark was inside the proper amount of the hole or one sixteenth inch outside. I would suggest that recount decisions be unappealable. It would free judges' time."

Mrs. Donaldson also stated that, as of last Friday, Mr. Lombardo had not conferred with either Mr. Cornforth or Mr. Lambert on his dropping of the appeal or his proposal to the legislature.

**PARATROOPER KILLED**  
In Vietnam, Sp. 4 Roy C. Digby, 18, formerly of Princeton, was killed in an ambush in Vietnam on Saturday, September 18. He was a paratrooper, serving with K Company in the Rangers, attached to the 75th Infantry, 10th Cavalry.

According to his grandmother, Mrs. Stella Andrassy of Ridge Road, Kingston, he had been in Vietnam since May of this year. He had volunteered for the Army, she said Tuesday, to fight communism, which his family had known in Hungary.

The son of Mrs. Elizabeth Olgyay, now of Paris, France, and the late Aladar Olgyay, he grew up in Princeton. His home was on Deer Path and he had attended Princeton schools. Seven years ago, he was enrolled in the Browning School in New York City, where he was an honor student, graduating at

the top of his class. He hoped to attend Harvard College on his return from Vietnam.

In addition to his mother, he was survived by his sister, Joy, 16, a student at the American School in Paris. His father was a nationally known architect and his uncle, the late Victor Olgyay, was professor of architecture at Princeton University. His maternal grandparents also survive.

In his last letter to his grand mother, he wrote: "In case any college students are interested, the consensus greatly favors the Cambodia action and its continuation as it immediately strengthened the overall situation in regards to the saving of American lives. This is just the view of K Company, it is the opinion of every combatant and non-combatant, and here it is regrettable that soldiers cannot have so much say as college students about Vietnam."

#### STILL TOWERING

Site Plan to Hear New Plans. The tower at Princeton made it through to the Township's site plan review board in time for hearing in executive session last Thursday but it's now Scheme B in the scheme of things at Collins, Ill. Housing and Anderson, and probably no longer The Tower.

Once 11 stories on its Mt. Lu cas Road side, the structure now has three story buildings. It was topped off by its architect developers last week. The special October 20 meeting of the Princeton Regional Planning Board is still being kept open for Scotchland Wool.

The board has, however, scheduled site plan hearings for Princeton Laboratories proposed one-story storage building on Lower Alexander. Five referrals from the Borough Zoning Board will also be on the agenda.

#### STORE OWNER HURT

In Car Collision. The owner of R. Bryn's Shoe Store on Palmer Square, Thomas Brophy Jr., 29, of Lawrence Township, was injured last week when his car was struck broad side at the intersection of Mercer and Quaker Roads.

Mr. Brophy was released from Princeton Hospital after receiving 40 sutures to close a laceration in his arm. He also sustained multiple contusions.

A charge of failing to obey a stop sign at Quaker Road is pending against the second driver, Dale O. Delozier, 23, of Hamilton Township. Phil David Wilbur investigated.

**Hit's Parked Car.** Natalie R. Spencer, 57, 180 Prospect Avenue, was ticketed for careless driving, after she struck a parked car on Nassau Street. Continued on Next Page.

## ROSES and RHUBARB

BY DON ALLEN

### THE QUIET HOUR . . .

People who work the night shift are somewhat different than the majority who ply their trade by day. "Night People" they call themselves and perhaps it is the commensurate of shared experience, but the night people are considerably more friendly and talkative than the average day worker.

I'm partly a "night person" myself — mostly self-inflicted because I insist on personally selecting the flowers which I offer for sale and to do this one must get to market early.

4 A.M. suits me best. At 3 A.M., for instance, you're playing tag with drivers who are not necessarily up so early, just not out very late. Between 4 and 5 A.M., however, there is practically no one on the road except professional truckers. They are the best road companions you can have.

As they pass with their big rigs, you flash your lights to signal safe passage. They, in turn, blink their running lights to acknowledge, and you feel good — this brief encounter with another fellow spirit in the black bow of night.

The wholesale flower market is so alive with frantic activity, one would think it was high noon. As you slide your little van among the tractor trailers, you pray your fenders will be spared just one more time.

The law of averages works against you however, and sooner or later your truck suffers from "market rash".

Depending on market conditions and your own requirements, marketing takes as little as 15 minutes or as much as an hour and a half. But enough. The art of buying flowers is a story all by itself which I may tell you about someday.

Slipping across the Philadelphia city line, homeward bound you reach the consequences of sleeping at the hands of Krispy-Kreme Donut Shop and sipping another cup of coffee to the gallon you've already consumed. Better not get any more. Running late, anyhow.

This early morning bid — and then working all day. You wonder about it sometimes. But then you tell yourself, this is your bag. Day Allen. You know you could never be content punching a time clock — working 9-5.

And what is sad, of course, is that that is the truth.

## Rights Group Will Help You Fight Discrimination

Anyone in Borough or Town-  
ship who suspects discrimina-  
tion in the sale or rental of  
housing can now enlist the help  
of Princeton's Joint Commis-  
sion on Civil Rights, under the  
new housing discrimination or-  
dinances passed in both Prince-  
tons this summer.

In the past, discrimination  
cases could only be taken to  
the state, and this can be a  
long, long process. Now, with  
local Princeton ordinances pro-  
hibiting discrimination, prob-  
lems can be solved faster. At  
least, that was the hope ex-  
pressed this week by the Civil  
Rights Commission at a press  
conference held to outline Com-  
mission plans for action.

Suppose you try to rent or  
buy and suspect that you're  
being discriminated against.  
You must file a complaint with  
the Commission within 30 days  
after the date of the discrimi-  
nation you are charging.

You can do this by stopping

at the Commission's office, 4  
Green Street in the Youth Cen-  
ter building, or calling 924-7138.  
William Fitch, executive offi-  
cer of the Commission, will  
help you fill out a form.

Then Mr. Fitch and the Com-  
missioners will start the in-  
vestigation. And they will start  
"immediately," the Commis-  
sion promises. When the in-  
vestigation has been complet-  
ed, Mr. Fitch and the Commis-  
sion will talk it over to see  
whether "probable cause" ex-  
ists. This means, is there really  
a case?

If so, the Commission will in-  
vite the accused party — land-  
lord, seller, or whoever — to  
sit down in a conciliation ses-  
sion. This will be a private,  
confidential meeting. Commis-  
sioners hope these conciliation  
sessions can bring about solu-  
tions.

If no solution is reached,

### ZONERS SAY YES

To Three Applications, The  
Borough Zoning Board last  
week said yes to three applica-  
tions and denied a fourth.

The board agreed to let Har-  
ry Campbell, 39 Chestnut, con-  
vert an existing dwelling place  
into a dwelling place, on the  
conditions that he provide  
adequate parking and a  
turnaround on the premises  
and obtain a minor subdivision  
to combine two lots into one.  
Mr. Campbell also must ob-  
tain a favorable site plan review  
from the Regional Planning Board.

William F. Holton, 35 Hum-  
bert Street, was granted a  
minor adjustment to build an  
outside stairway to a second  
floor apartment. Public  
Service was given conditional  
use authorization to expand its  
electrical facilities at its sub  
station, 15 Wiggins Street. In  
addition, Public Service must  
win favorable site plan review.  
The station is located in a resi-  
dential office zone.

Serena Weisberg and Hugu-  
ette Roberts failed to get the  
conditional use permit they  
needed to convert half of a  
double house at 14 Moore Street  
to joint occupancy. They want-  
ed to put in a general office  
on the first floor and apart-  
ments on the second. They de-  
clined, however, to specify who  
would use the office, preferring  
to keep its occupancy open.

Their application was denied  
on the grounds that they failed  
to provide the necessary park-  
ing and usable open space as  
required by the ordinance. The  
board further ruled that the  
applicants failed to demon-  
strate grounds for relief from  
the requirements.

The proposed conversion was  
also in violation of a number  
of yard and bulk requirements.

The board also made a rec-  
ommendation to Mayor and  
Council that they reduce from  
eight to seven the number of  
off-street parking spaces that  
Peter J. DeMauro Jr., 639

however, you can take your  
discrimination charge to either  
the Borough or Township Mu-  
nicipal Court if you want to. In-  
fact, you can start right out by  
taking your case to court, but  
the Commission hopes cases  
can be settled quietly by con-  
ciliation. If you go to court,  
you will be represented by a  
municipal attorney.

And of course, you can file  
your complaint with the state  
as well. Only the state has the  
injunction power to stop the  
sale or rental.

The state also has more po-  
wer where the landlord or own-  
er is concerned. Princeton's  
Civil Rights Commission, for  
example, can't issue a sub-  
poena to force the accused per-  
son to attend the conciliation  
session. Commissioners will  
ask him to come. And of course  
there is the unspoken threat  
that a court case a conciliation  
can't be achieved.

Prospect Avenue Extension,  
must provide to convert a dou-  
ble house at 1214 Vandewater  
Avenue into a dwelling place for  
himself and apartments. Cor-  
respondingly, the number of  
additional spaces he must pro-  
vide when the life interest of  
the former owners, Mr. and  
Mrs. James Smith, expires was  
increased from two to three.

Dr. DeMauro's conversion  
plans went around when he  
failed to obtain formal site plan  
approval. He must obtain a fa-  
vorable review from the same  
site committee in this revised  
recommendation by the board.  
In its recommendation to  
Mayor and Council, the board  
also requested that the open  
space requirements in Dr. De-  
Mauro's application be waived.

thefts: a wallet containing \$12 belonging to Mary Quarles of Hollis College, Roanoke, Va. from Cottage Club; a shoulder bag containing \$40 from Stevenson Hall, owned by Christine Leavitt, 425 Pyne Hall; a wallet with \$30 which Karen H. Rothenberg, 1939 Hall, left at Charter Club; and the loss of his date's cycle helmet and goggles from the Charter Club, reported by Theron Marsh. They were valued at \$40 and \$9.

Campus police list the theft of a \$200 guitar owned by Ulysses K. Li from his room at the Princeton Inn; 30 tapes belonging to Richard B. Firman of South Dod Hall; a \$100 stereo amplifier and \$25 cash from Room 22, 1937 Hall, and a wig valued at \$200 taken from the room of Elizabeth A. Reilly, 268 Princeton Inn.

**SHOTGUNS, RIFLE STOLEN**  
From Cherry Hill Home. Three shotguns and an old German Mauser were among items stolen from the home of Mrs. Gay Mohrman, Cherry Valley Road.

The home was lightly ransacked, reported the investigating officer, Sgt. Jack Peirone. He added that entry could have been made through a rear door which was not secure at the time of the theft. Also taken were \$210 in cash, women's jewelry and a tape recorder.

**Paneling Stolen.** Twenty-five sheets of wood paneling stored in a living room of a house under construction on Fairway Drive were stolen last week.

Builder William Bucci, Route 206, valued the paneling at \$375. Thieves entered the house through the garage, according to Ptl. John Hammond. Two sets of truck tire marks were visible in the driveway, he said.

Township police also report that 12 windows at the rear of Community Park School were damaged with an air rifle or BB gun. The vandalism took place between 5:15 Friday afternoon and 8:30 Monday morning.

**CAR IS ROLLED**

Thieves Take Fire. Rim. A thief rolled the convertible of Morris Maple from his driveway at 2 Hornor Lane this week and removed a front tire and wheel.

Mr. Maple reported the theft at 6:45 Tuesday morning. Sgt. John J. Bellow investigated.

John A. Ellis, 115 Winant Road, reported on Saturday the theft of a \$100 stereo set of the day before from his car parked in a Tulane Street lot.

Mr. Ellis told police he had by mistake left the set on the hood of his car while he was unloading other articles. When he returned a half hour later, it was gone.

Harry Richter of Lawrenceville Road, trying to avoid the heat last week by wading in the pool next to the Woodrow Wilson Building, left his wallet inside his shoe at the edge of the pool.

When he stepped out, his wallet and the \$4 it contained were missing.

### SOCIETY PLANS EXHIBIT

On Antique Lighting. An ex  
hibit of antique lighting devices  
with particular emphasis on  
early America will be on di  
play through the fall at Barn  
bridge House, headquarters for  
the Historical Society of  
Princeton. The exhibit, which  
will open with a members' re  
ception on October 11, will be  
open to the public October 12.

Mrs. Alma R. Field, chair  
man of the Society's Exhibit  
Committee, will use pieces on  
loan from the collections of Mr.  
Barbara Johnson and  
Lettie Laughlin of Princeton.  
Mrs. Warren O'Brien of Vir  
ginia and from the New Jer  
sey State Museum through the  
cooperation of James Mitchell,  
the museum's assistant curator  
of Americana. Mrs. Jack Rim  
mer and Mrs. Bruce French  
are assistants to Mrs. Field.

The collection demonstrates  
but the design of lighting de  
vice changed little over the  
centuries until the experiment  
with various fuels from  
pitch pine, roches, animal fats  
and oils was abandoned with

the discovery of fossil fuels and  
the commerce of use of kerosene  
in the mid 19th century. The il  
luminating devices were made  
from a wide range of materials  
including wood, ceramic, cast  
iron, pewter, tin and glass.  
The Society will make special  
arrangements for group visits  
to the exhibit. Reservations  
should be made by telephoning  
Bainbridge House.

### MINORITIES TO BENEFIT

From New University Policy.  
President Robert F. Goheen  
has announced a plan which  
will be taken to increase oppor  
tunities for members of minor  
ity groups to participate in  
construction work at Princeton  
University.

It is the University's intent,  
Dr. Goheen said, to award the  
contract for a new three unit  
dormitory complex adjoining  
the Princeton Inn, which will  
accommodate 150 additional  
men and women students, to  
the Kendall Development Cor  
poration of Twin Rivers in part  
because of its assurance of sig  
nificant minority employment  
on the work force. Under new  
requirements contained in Uni  
versity contract documents,  
bidders must submit a manning  
table with their bids.

In addition, the Kendall De  
velopment Corporation, in the  
opinion of the University's con  
struction office, "gave better  
assurances of meeting the very  
tight time schedule on the pro  
ject which must be completed  
prior to the opening of the next  
academic year. The Kendall  
Development Corporation's bid  
was \$1,375,689, reportedly the  
third highest of six received.

Princeton University will al  
so actively solicit bids on its  
future projects from a grow  
ing number of capable minor  
ity contractors in the Mercer  
County area. Through the es  
tablishment of a referral sys  
tem, such contractors will be  
made aware of all University  
work opportunities, involving  
the building trades. In imple  
menting this program, the Uni  
versity will adopt a policy of  
requiring contractors to pay  
established area wage rates as  
is the practice of the State of  
New Jersey and other agencies  
to assure orderly bidding prac  
tices.

The architectural style of  
the three unit addition to the  
Inn will complement that of  
the present Inn. The addition  
will be of brick construction,  
with standing seam metal main  
sard roofs.

John P. Moran, General  
Manager of Planning, Plant  
and Properties, explained that  
the addition is required by the  
fall of 1971 "to compensate for  
the loss of 138 spaces in 93 year  
old Witherspoon Hall," Prince  
ton's oldest campus dormitory.

Witherspoon was to be mod  
ernized during the present ac  
ademic year. However, estimat  
ed costs for the modernization,  
\$1,800,000, exceeded the cost of  
constructing new replacement  
space. The University may use  
the two lower floors of Withers  
poon for student housing (54  
spaces) on an interim basis,  
Mr. Moran said.

The addition will include a  
three-story unit fronting on Al  
exander Street, a second three  
-story unit fronting on the golf  
course, and a four-story unit  
joining the two and attaching  
them to the present main Inn  
building on the first floor level  
by a covered patio. The three  
units, together with the annex,  
to which they also will be join  
ed, will form a small court  
yard to the south of the main  
Inn.

## LISTEN PLAN ACT

MARTIN LOMBARDO

JOE MOORE

MUST WE WAIT  
TO CONFRONT THE PROBLEMS  
OF PRINCETON? NO!

MARTIN LOMBARDO and JOE MOORE  
FEEL WE MUST LISTEN, PLAN, ACT  
NOW

We must listen to our citizens. We must plan for Princeton's  
needs. We must act to solve problems such as these.

1. What are we doing to help our senior citizens, our municipal employees, and our young families to continue to live in Princeton? How can we ease the housing burden which is driving out these groups of residents?
2. Shouldn't the State assume a greater share of our tax burden? How can local government be more farcical in seeking this tax relief?
3. Do acres of blacktop make good use of some of our most valuable land right in the center of town? Has the traffic rush on Nassau Street crushed you lately?
4. Shouldn't the municipal government assist the Youth Concerns Committee in coordinating the many drug programs in town? Don't we need on Borough Council men who have had extensive experience in the problems of youth?
5. Should we experiment with ideas such as creating a traffic-free shopping mall on Nassau Street Saturday afternoons? Shouldn't Borough Council get more co-operation from the University on parking, housing, drugs, and other such pressing problems of concern to both?

We need more municipal leaders who are willing to  
make their voices heard!

We Must Listen, Plan, Act. Vote For  
LOMBARDO and MOORE  
For Borough Council, November 3.

## MUSIC In Princeton

**PRINCETONIAN TO PLAY**  
In Violin Recital. The Friends of Music at Princeton will present Nadia Koutzen, violinist, next Wednesday at 8:30 in 10 McCosh Hall on the University Campus. As with all events sponsored by the Friends, the recital is open to the public, no admission charged.

Miss Koutzen has given several New York recitals, making her debut there in 1951 to unanimous critical acclaim. On October 20 she will be heard in a recital at the Alice Tully Hall in New York. Once again, she has been engaged by Mr. Ormandy to appear with the Philadelphia Orchestra in 1971-72.

Miss Koutzen is a well-known resident of Princeton, having performed each year for the children in the schools and because of her many appearances in chamber music concerts in

Nadia Koutzen

the area. This occasion marks her first appearance here in a full solo recital.

Her program will be J. S. Bach: Sonata No. 3 in C Major for violin solo; Debussy: Sonata for Violin and Piano; Stravinsky: Duo Concertant; Lopatnikoff: Sonata for Violin and Piano; Sarasate: Introduction and Tarentelle. Pianist for this concert will

be Miss Marien Zarzezna of Trenton. She has collaborated with Miss Koutzen for several years and is now on the faculty of the Curtis Institute.

**FROM FRANCE**  
L'Orchestre National, France's national orchestra, L'Orchestre National Français, will play in Princeton next Tuesday as the opening event in Series II of the annual Princeton University Concerts. The musicians will play in McCarter Theatre at 8:30. The current national tour of the orchestra will cover 20 cities and will end in New York with a concert at Philharmonic Hall early in November.

For the orchestra's Princeton concert, its director Jean Martinon has selected Schumann's Symphony No. 4 in d minor, "Till Eulenspiegel's Merry Pranks," by Richard Strauss, Olivier Messiaen's "Les Offrandes Oubliées" and the Debussy "La Mer." L'Orchestre National plays its home theatre, the Theatre des Champs Elysees, ten months of the year and also performs on French government radio and television. Recordings are released under the Angel and Capitol labels.

**THREE LECTURES SET**  
By Adult School. The Princeton Adult School is sponsoring three lecture series on Thurs day evenings at Princeton High School.

This Thursday, artist Don Stacy, a member of the faculty at the Museum of Modern Art, will discuss "Form and Space

### Senior Citizens Free!

"Golden Age" is defined by the Princeton public schools as somebody who's been out of high school for a considerable period of time, but is younger in heart than a sophomore.

Anybody over the age of 62 can now attend all school activities free of charge. Home football games, basketball games, musicals at the high school, concerts by the school band and orchestra, plays — anything for which admission is normally charged is now free if you're a member of the class of 62 or beyond.

Senior citizens can receive a Golden Age Pass and it's "gold" color by stopping at the nearest school office, or writing to Princeton Regional Schools, Princeton, N. J. Fill out the brief form, turn it in, and you'll get your Golden Age Pass.

When you sign up, the schools put your name on a mailing list so you'll receive notices of all the scheduled activities.

In Painting" at 8 p.m. in the auditorium.

Two lectures are set for 9 p.m.: Dr. Lois W. Banner of Douglass College will give "An Introduction to the History of Women," speaking in the auditorium, and Ian R. Walker, executive of the Stony Brook Millstone Watersheds Association, will discuss "Conservation Aspects of Land Use" in Room 24.

Mr. Stacy will demonstrate how the inter-relationship of form and space has changed from classical times to the Renaissance and then into cubism and modern times. He will also illustrate the differences between shallow picture space and atmospheric mist, atmosphere. Continued On Page 13

## BUSINESS In Princeton

**3 WOMEN PROMOTED**  
At Opinion Research Three women have received major promotions at Opinion Research Corporation. Sarah Brown has been named a vice president, Patricia Labaw a survey director and Dolores Koss assistant to the chairman of the board.

Joe Hilden, the firm's president, took the decision to promote women. "It has always been ORC's policy to promote on the basis of merit alone," Mr. Hilden commented. "Given this, it is not surprising that women comprise almost half of our professional staff. We think that equal opportunity is just plain good business sense."

Miss Huneycutt, who had been director of interviewing, has overall responsibility for the 1,200 men and women who conduct interviews for Opinion Research Corporation throughout the nation. It is her duty to see that high standards are maintained and that the work of all interviewers is closely evaluated. In her 13 years with ORC, Miss Huneycutt has been involved in every phase of interviewing from pretesting to conducting to supervising special assignments in communities throughout the United States. Miss Huneycutt attended Rider College.

Mrs. Labaw, who had been an associate survey director, has a five year background in the attitude research field. She has worked on a wide variety of full scale research projects including studies in employee and financial relations, community relations, and product marketing. She has also directed exploratory research studies dealing with new product and marketing concepts. Mrs. Labaw has received her B.A. degree cum laude, in general studies

from the University of Colorado. Mrs. Medici, who had been a survey director, specializes in attitude research studies dealing with communication of employees and employer relations. In addition to her research duties, she is also involved in client contact work. Mrs. Medici has a nine-year background in the research field and has taken an active part in every aspect of survey work from questionnaire design to field interviewing to report writing. She attended Rider College.

**NEW EDITOR APPOINTED**  
At University Press, Theodore R. Jaeckel, 3 Greenhills, has been appointed as editor of the social sciences at Princeton University Press. In his new position, Mr. Jaeckel will share the handling of Princeton's social science books with Sanford Thatcher.

Before joining the Press, Mr. Jaeckel was in the Foreign Service of the United States Information Agency for 18 years. For seven of these he conducted book programs in Latin America and India, as well as directing a worldwide USA textbook program.

Prior to his government service Mr. Jaeckel held editorial positions with Little, Brown and Company, Appleton-Century-Crofts, G. P. Putnam's Sons. He has also engaged in freelance writing and editing.

Mrs. Jaeckel received a B.A. degree from Princeton University. He is a member of the American Political Science Association, American Association for the Advancement of Science, National Education Association, Princeton Alumni Association, and Foreign Service Association.

**CHRISTINE GIVES SAY**  
To Marie and Pierre, the business is the same but the names are different. Christine's Beauty Salon, 12 Spring Street, part of the Princeton scene for decades, is being taken over by Marie Caecile and Pierre Tallec. Mr.

Cacace has been a well known Princeton hairstylist for the past 10 years. He is the former owner of the House of Mario, 200 Nassau Street, and previously was associated with the Four Seasons Beauty Salon.

Born in Paris, Mr. Tallec was the former owner of Cui-Fur Parfumerie in Lawrenceville. Previously, he had worked for Lilly Dache and Bergdorf Goodman in New York.

Mr. Tallec (Mr. Pierre), who reported that so many of his customers were from Princeton he decided to work here, specializes in problem hair and geometric haircuts. Mr. Cacace (Mr. Mario) says his specialty is fringes and hair coloring. Both invite all their patrons.

visit them in their new location.

**RCA ADDS ENGINEER**  
To Research Center Staff, Dr. Kenneth W. Hagg, 99 Princeton Arms West, Cranbury, has joined the scientific staff of RCA Laboratories at the David Sarnoff Research Center, where he is a member of the Recording Materials Processing group of the Process and Materials Applied Research Laboratory. A former resident of Illinois, he was graduated from the University of Illinois with a B.S. degree in Ceramic Engineering in 1966. He received his M.S. degree in 1967 from the University of Illinois. #### FORUM TO CONTINUE

Students Want It. The Open Forum that opened summer Wednesday evenings to informal talks on public school questions will continue.

Last Wednesday, at a crucial meeting called to decide whether the Forum should be allowed to wither away, the consensus was "no, keep it alive."

The next meeting will be held at 8 p.m. on Wednesday, October 7, in the library of Community Park School. Parents, students, teachers, staff, and citizens not covered by those descriptions are invited to attend. Subject: "Goals of Education."

Among the 17 who went to last Wednesday's meeting were five students from Princeton High School. Students who sparked the original Forum have now graduated or moved away, and these are the new, as well as "new," generation. One of them, Jim Laity, volunteered to be the new chairman.

Several adults who have come regularly to past Forums were present Wednesday including Mrs. Rosalie Frisch, Dr. Richard Magee, Mrs. Philip Cruickshank, Mrs. E. Frederic Laschewer, such school officials as Miss Florence Burke, PHS principal; Eugene Biringer, associate superintendent and Dr. Frank Soda, PHS Dean of the Faculty, and board member Dr. Henry Powsner.

It was the students who most wanted the Forum to continue. One of them, Kurt Bauman of Mt. Lucas Road, reported on a New Jersey State Education Conference he had attended this summer at which the goals of education were discussed. He proposed that his report on that conference be the springboard for discussions at the October 7 meeting.

Dr. Biringer said he'd like to see the Forum continue as a forum for the Long Range Planning Committee.

Mrs. Frisch presented her "Scarsdale Plan" for small gatherings in private homes to talk about schools. She explained that in Scarsdale, people are assigned to groups there will be diversity, much as there is in the present Forum.

"The idea sounds as if it has merit," Dr. Magee agreed. He suggested that the Long Range Planning Committee, when it begins to design its methods of reaching the public, consider similar informal groups, to which people would be "assigned" for purposes of cross sectioning.

Dr. Magee has said that he will continue to attend Forum—especially since the kids really seemed so interested.

Students, on Wednesday night, seemed restless over lack of communication with the

schools. Some expressed a desire to join the Wednesday Program but said they didn't know how to go about it, and indeed know whether they would be welcome.

In regard to relations with the school, physical Laity referred to the physical change made over the summer in the suite of rooms formerly occupied by the English Department at Princeton High. The department now occupies extremely small quarters, he revealed.

#### SING ALONG IS SET

By Scout Neighborhood. A Neighborhood wide sing along will be held by the Girl Scouts of West Windsor Plainsboro on October 9 under the leadership of Gidette Troop 150 of Plainsboro and their advisors, Mrs. Audrey Bennett.

Plans were made at a Neighborhood Association meeting on September 22, chaired by Mrs. George Shaddow.

West Windsor Plainsboro girls in 2nd grade or higher are invited to join the Girl Scout units. Information may be obtained by calling 448-0215. The scouts are also looking for retired uniforms.

Carol Yudin, born in Brooklyn and living in Bellefonte, N.J., is working at Pratt Center for Graphics. Her works are in the permanent collections at the New Jersey State Museum and Jersey City Museum. Miss Yudin is presently teaching oil painting at Nalley Adult School and is also preparing for a one-man traveling exhibition sponsored by the Old Bergen Art Association to be shown in colleges and museums across the country.

She employs a kind of intimate graphic meandering with in panels of texture and color, making her work precious. She permits the ink and crevices of the plate to do much of the work, relying largely upon interaction between the observer and the imagery before him.

Reynold Rose of Maplewood, studied at Pratt Center for Contemporary Printmakers. The New School, Department of Graphics, Newark School of Fine Arts and Rutgers University. She has had several one-man shows in galleries throughout the United States. Her works are also in the permanent collection of New Jersey State Museum.

Miss Rose combines technical facility with a kind of architectural quality in her graphic imagery. Often encasing allusions to representational subject matter, she keeps one conscious of the plate upon which she has worked. Her technical facility is always subordinate to the effectiveness of the overall print.

The exhibition is located on the second floor of the Gallery and is open to the public on weekdays 10 to 5:30, Sundays 12 to 5.

LANDSCAPE INTRODUCED  
By Gallery 100. The sun warmed paintings of Elizabeth Wadleigh Leary are on view at Gallery 100 through October 16.

Her glowing landscapes in acrylics range from a Cape May Point lighthouse feathered with age to the sun-drenched "Plum Island Grasses." The exhibit will be open through October 16.

Elizabeth Leary has held several one-man shows in Newburyport, Mass., where she studied under muralist Richard M. Gibney. She is a former member of the Architects Collaborative under Walter Gropius in Cambridge.

Educated at George School in Newtown, Pa., where she concentrated on the study of art and architecture, and at Skidmore College, where she was graduated with honors in fine arts. Mrs. Leary has been a designer, draftsman and modelmaker with architects in New York City. As a technical illustrator for the Harvard College Observatory, she specialized in work for the orbiting solar observatory project.

A young woman, whose husband is completing his internship at the Cornell Medical Center, Mrs. Leary's paintings are in the Naples (Fla.) Art Gallery, the North Truro Art Gallery on Cape Cod and the Kodak Gallery in Newburyport.

The paintings, considered by Mrs. Fleurette Faus of Gallery 100 to be of investment

quality, range in price from \$85 to \$200.

RECEPTION PLANNED  
At Artists for Peace Gallery. An Artists for Peace Gallery will open this Sunday at 163 Nassau Street (opposite Thorne's Pharmacy) with a cocktail party from 4 to 7. A drawing will be held for an original art work to be chosen by the winner. The sponsor is the Fund for Peace Education.

Information concerning tickets for the opening may be obtained by calling 922-6161 or stopping at 163 Nassau Street. Among New Jersey artists exhibiting are Stefan Martin, Jacob Landau, Judith K. Brodsky, Thomas George, Ann Gross, Clarence Brown, Yvonne Burk, Helen Schwartz, Mae Rockland, Trudy Glucksberg, Gus Escher, Marit Sturken, Saul Lambert, Ann Woolfolk, and Greta Nash. Prints from the New York Printmaking Workshop will also be displayed.

Jewelry, posters and crafts, many with peace themes, will also be on view, and literature, bumper stickers and buttons will be for sale.

The Fund for Peace Education provides a place where organizations working to support the peace movement can have office space and hold meetings. Interested groups may contact the office.

## CLUB News

Princeton High School PTA will sponsor back-to-school night at the high school at 8 p.m. Monday. Parents are invited to report to their student's homeroom, from which they will follow the Monday schedule. Parents and teachers will meet for abbreviated 18-minute "class periods."

During the "lunch" or "study hall" periods, parents may go to the cafeteria for refreshments under the PTA chairmanship of Mrs. Margery Davison, or meet with guidance counselors. Counselors of students whose last names begin with A-L will be in Suite 101, and M-Z in Suite 155. The schedule does not permit for individual parent-teacher conferences on back-to-school nights, but parents are always invited to make individual appointments with any teacher.

Hopewell Valley Garden Club: 8 p.m., Wednesday, October 7, at the home of Mrs. Paul Amigh, Nelson Ridge Road, Ian R. Walker, executive director of the Stony Brook Watershed Association, will discuss Soil Conservation. Mrs. Amigh is chairman of hospitality for the meeting. She will be assisted by Miss Margaret Kenney, Mrs. Newell Holcombe and Mrs. Edward Horton.

Lawrenceville Grange No. 170 6:30 p.m. Tuesday in Fireman's Hall. A covered dish supper will be served, followed by the business meeting. The annual baking contest will be a feature of the evening program.

Senior Citizens Club of Lawrence Township will go by bus to the Amish country in Pennsylvania at 8 a.m. on Tuesday. Buses will leave from American Legion Headquarters, 100 Berwyn Place, Lawrence Township. This trip will take the place of the regular scheduled meeting. The Superintendent of Public Schools has invited all members of the club to the opening of the new intermediate school on Egberts Crossing Road at 7:30 p.m. Monday.

The Princeton Chapter of Hadassah will again hold its successful fund raising event, the Progressive Gourmet Dinner, this year. The evening, scheduled for Saturday, October 17, consists of a series of cocktail parties, dinners, then dessert in the homes of members.

This year's dinner will include cocktails at the home of Mr. and Mrs. Simon Fried, Dr. and Mrs. Frederick Laschever, Mr. and Mrs. Burton Peskin and Mr. and Mrs. Sanford Weston. Dinners will be served by Mr. and Mrs. Marver Bernstein, Dr. and Mrs. Howard Blechman, Dr. and Mrs. Ken-

neith Gould, Mr. and Mrs. Gary Harman, Mr. and Mrs. Arnold Krutz, Mr. and Mrs. Philip Papier, Mr. and Mrs. Franklin Schoenberg, Dr. and Mrs. Owen Steier, Dr. and Mrs. Victor Silverstein, Mr. and Mrs. George Swartz and Mr. and Mrs. Clive Usiskin. Capping the festivities will be dessert at the home of Dr. and Mrs. Marvin Blumenthal. Proceeds go to Hadassah Medical Organization, which supports Hadassah Hospital in Israel. Reservations may be made through the chairman of the dinner, Mrs. Harold Sanders.

The West Windsor Volunteer Fire Company No. 1 of Dutch Neck will hold its second horse show of the season Sunday at 9 a.m. at the Quarter Horse Ranch, Edinburg-Windor Road, Edinburg. The Ladies Auxiliary will sponsor the refreshment booth. Mrs. Jean Gale will judge entries in the Western classes in the morning and English classes in the afternoon. The show has the approval of "Horse and Rider". Admission to the grounds is free.

The Friday Club for senior women meets on the first and third Fridays of each month at 12:30 p.m. in the YWCA lounge. A social, cultural and fellowship organization, the meetings begin with luncheon for which there is no charge, followed by a program at 1:30 p.m.

This Friday, Joyce Walsted will discuss "An Inside View of Women's Liberation." A question-and-answer period follows. A psychotherapist, wife and mother, Mrs. Walsted is a former professor of social work at the Rutgers graduate school. Plans this fall include an afternoon as guest of artist George Greene at his Mt. Laurel studio, a twin-piano concert by W. and Mrs. Lee and Mrs. Laura L. McClure at the home of Dr. and Mrs. Lee

H. Bristol, a visit to Princeton Public Library for a box lunch and a special program, and a Christmas party. Programs are listed in a monthly bulletin.

Open to all senior women, the Friday Club dues are \$3, plus membership in the YW. Rides are provided for members who need transportation and may be arranged by calling the YWCA 924-4825, before 11 a.m. on meeting days. In order to receive the monthly bulletin, call Mrs. Jan Humes, YWCA adult program director, or Mrs. W. Bruce Armstrong, volunteer director, 921-6894.

The Cercle Français de Princeton has announced resumption of bimonthly French conversation group meetings. The first session will be held Tuesday at 4:30 in East Pine Hall. They will continue on each first and third Tuesday through May. All French speaking residents of the area are welcome to join. Call 921-7291 for details.

Officers of the Cercle are Dr. Leonide Goldstein, president; Mrs. John Bennet, vice president; Mrs. Moncien El-Meligi, secretary; and Richard Pole, treasurer.

International Club: Tuesday, 8 p.m., at the YM YWCA. Andrew Guines, psychologist at the Princeton Gestalt Center, will give a demonstration of improvisational games. Admission 50 cents. Next Thursday Lee Ratfield will be the featured guest performer at the coffee house.

Princeton Area Chapter, American Society for Psycho-

Physicians in Onsite (Princeton Parents Division) will hold an organizational meeting Friday at 8 p.m. in the main lounge of Tennent Hall, Princeton Theological Seminary. ASPO is dedicated to the Lamaze method of childbirth and to childbirth education. All interested are invited; further information from 924-4356.

# STOP THE WAR!

NATIONAL PETITION COMMITTEE

OPENING RALLY

NOAM CHOMSKY

Saturday, October 3, 11 a.m. Nassau Hall Lawn

(In Case of Rain, McCosh 50)

The National Petition campaign is a nationwide movement. Its purposes are:

- 1) To show Congress that the American people want "no further military involvement in Indochina." To do this millions of people must sign the petition.
- 2) To raise a large fund for political activities against the war (part of the money collected in Princeton will go to the Movement for a New Congress). Therefore, everybody who signs the petition is being asked to contribute a minimum of 50c. But if you can, please give more. You know how important it is.

For further information call: 924-7525

SIGN  
AND

## News Of The CHURCHES

**HIGH HOLIDAYS BEGIN**  
For Jewish Faith. The eve of Rosh Hashanah on Wednesday, Sept. 10, is marked by services at 8:15 p.m. at the Princeton Jewish Center at 6:15 p.m. by Yavneh House in the main room at Murray Dodge Hall and at 11:00 services at 8 p.m. also in Murray Dodge.

The remaining schedule at Princeton Jewish Center: Rosh Hashanah services at 8:30 a.m. and 5:45 p.m. this Thursday and Friday with a 10 a.m. service of Shabbat Shuvah on Saturday.

Hillel at Princeton University will hold liberal services at 8 p.m. and 10 a.m. on both days, and orthodox services at 6 p.m. and 9 a.m. Seminar discussions will meet with Leichter Klassim in the afternoon on Thursday, Friday and Saturday at Murray Dodge. There will also be a program of seminars and discussion groups with the Chassidim at 4 p.m., Yavneh House, 46 Wiggins Street.

On Wednesday, October 1, "Israel Without Zionism" will be discussed by Uri Avnery, a member of the Israeli Parliament, at 8 p.m. in Woodrow Wilson School auditorium. Avnery, a Sabra, is editor of the Israeli periodical "This World."

**JEWISH ENROLLMENT UP**  
At Princeton University. Rabbi Norbert Samuelson, chaplain of the Hillel Foundation at Princeton has noted that Jewish enrollment in the freshman class has gone up from about 75 two years ago to 141 this year. His count is based upon the religious preference cards filled out by incoming freshmen.

Rabbi Samuelson, writing in the October newsletter of Princeton Hillel, says that, beyond the freshmen cards, there is no accurate way to determine who else is Jewish in the Princeton student body.

He says of the increase, "In part, this can be explained by the addition of girls, but not entirely since in this year's class of the new students, we note. In all, it appears that the make-up of the student body is increasingly less 'WASP' and more composed of the various minorities that constitute America."

He adds parenthetically, "I am told that the numbers of Catholic students (many of whom are Italian-Americans) and Baptists (many of whom are Black) are up, while groups like the Episcopalians are down radically."

Rabbi Samuelson comments, "What for Hillel is most significant is the change in the make-up of the Princeton student body is the change in the Jewish community that is personally noticeable in each class. There are less Jews who would consider it a compliment to be told that they 'really don't look Jewish,' and more who are openly and even vigorously as serving their Jewish identity in many forms."

"The clamor made during the first week of school by some 30 mostly new students for kosher facilities on campus is an expression of this change. My hope is that the university will respond well to these changes and will recognize that a university that is more representative of the different cultural religious national groups that are America is a healthier and a stronger university."

**ADULT CLASSES SET**  
At Chaim Congregation. Two study courses for adults will be held at Chaim Congregation, Walnut Lane, on Sundays following the 10 a.m. service. "Voting Issues in the November Election," a study using outside resource persons will be led by Rowland F. Bennett, assistant director of the Princeton Public Library. Dr. Kenneth L. Maxwell, chairman of the political science department at Rider College will lead a study of "Fou-

**ECUMENICAL STUDY BOOKLET.** Vic Jansson, center, an elder of First Presbyterian Church, is the author of a study booklet, "What Does God Require of Us Now?" commissioned by the Consultation on Church Union, 223 Alexander Street, and recently published by the Union Press of the United Methodist Church. With him are (left) Rev. Charles K. Johnson, secretary for interdenominational relations of the United Presbyterian Church, and (right) Rev. W. Clyde Williams, associate general secretary of COCU. An estimated 26 million American church members of nine denominations will use the booklet in the study of church union.

datations for World Communism in recognition of the 50th anniversary of the founding of the United Nations. The class will explore the theological, philosophical and practical issues relating to international organizations and efforts for world peace with justice and freedom.

**SEMINARS PLANNED**  
At Princeton Seminars. The Rev. Dr. James J. McCon-

president of Princeton Theological Seminary has announced a number of seminars and workshops to be held in the immediate future.

A seminar for Spanish speaking pastors opens on Monday, continuing through Thursday, October 8. The theme is "El Hombre y su Imagen." Discussions will be held at the Center of Continuing Education. Co-leaders are Dr. Luis A. Quiroga of the Holy Family Episcopal Church, Brooklyn, and Dr. Alfonso Rodriguez of the National Council of Churches.

On October 12 through 15, the first of this year's seminars are on contemporary theology and the Church in dialogue will be held also at the Center of Continuing Education. Titled, "Modern Man in Theological Perspective," the discussions will be led by Rev. Dr. George S. Hendry, Hodge professor of systematic theology at the Seminary.

An intensive weekend human relations laboratory is scheduled for October 16-18 at the Center. Dr. K. Arnold Nakhman of the United Presbyterian Board of Christian Education and Associates for the Development of Organization and Human Resources will lead the sessions.

"Concept of a Person" will be discussed October 19-22 as the second in the series on contemporary theology and the Church in the world. Rev. Dr. Diogenes Allen, associate professor of philosophy at the Seminary will lead the sessions, assisted by Dr. Jack Cooper, Center director.

Inquiries are directed to Dr. Cooper at the Center of Continuing Education.

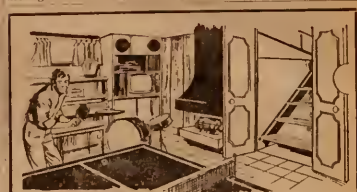

**WSCS TO MEET**  
Latin America Is Topic. The Women's Society of Christian Service of Princeton Methodist Church will hold a general meeting at 8 p.m. this Thursday. The American "How Many Worlds?" is the program topic.

The Rev. Sanford Haney and Mrs. Edward McCall will show slides on Latin America, adding their comments. Mrs. T. Roba Webb arranged the program.

Benson, WSCS president, is chairman. His discussion topic for the first session is, Mrs. Robert S. Shaw. Pick-up arrangements for large articles.

## The difference between a dead-end cellar and a basement-for-living

Without direct access to the out-of-doors, your basement becomes a seldom used, dead-end area, instead of a "live", low-cost space for the enjoyment of your whole family.

BILCO Basement Door costs so little when it's included in the foundation construction. With it, you will as much as double the living space of your new home! Let us show you how easily and inexpensively you can include a BILCO Door and Stair Stringers in your building plans.

## WOOD YOU BELIEVE!

Maybe we didn't spell it right, but we sure made it right. And a right smack where it belongs — in the woods. This fantastic contemporary simply defies description. Strictly one of a kind, and incomparable from the word go. Zigzag-zag roof lines, exposed beamed ceilings, thermopane glass walls — the works. And functional as can be, with a large living room, and marble fireplace faced with brick travertine, dining room, very special and spacious kitchen, 4 bedrooms, 3 baths, study, game room, basement, 2 car garage. With all sorts of special features, such as cork floors, built-in bar, self cleaning oven, outside redwood deck — to mention only a few. In a picture-like setting in Princeton's Riverside, overlooking Lake Carnegie. **\$89,000**

Below decks at the level of the rear yard are large playroom, two bedrooms, and bath. Lots of storage, easily maintained wooded lot with brook **\$66,000**

**CONSIDER YOURSELF** and how much easier it would be to live right in town on a silt street like Braeburn Drive. You'll do less driving for one thing, the kids can all walk to school, and it's not much of a hike to Community Park in summer. The neighborhood is the best, with playmates of all ages and a congenial atmosphere for everyone. And the house, a classic color half Colonial with four bedrooms and two and one-half baths on nearly an acre of healthy young trees, will be a joy forever. Consider the price, a reasonable **\$54,500**

**A SITE TO REMEMBER** — This fine half-acre lot is located on Orchard Circle, part of the former Arden Estate, in the heart of the Western Borough. New in lawn and dotted with fine ornamental trees and shrubs, it would provide the perfect setting for your once-in-a-lifetime house. All utilities. Realistically priced at **\$34,500**

## If Your Age Is Under Fifty, Mini-skirts Still Rate as Nifty

Fashion dictators will go to any lengths to make women buy new clothes. That's another way of saying that this is still another story on the midi. It has a local angle because it's a sternly scientific poll taken by Gallup. (What it doesn't tell us is who in the Gallup organization got to make the survey.) Must have been a lot of competition for this one!

**Young? Keep 'em Short.** Anyhow it shows that the mini is tops if you're under 30. You under 30 prefer it to the tune of 64%, with "at the knee" a poor second at 29%. Only 1% of the young males prefer the maxi and 4% the midi, and 2% obviously either cowed, lured or blind, have no opinion at all.

**What's the Outlook Here?** What will women who live and work in Princeton do about the length of their skirts this fall? For an indication of their thoughts, see *Question of the Week*, page 37.

Gals between 21 and 29 register a 51% devotion to the mini skirt with a surprising 47% preferring "at the knee." Surprising, because "at the knee" is neither here nor there, in terms of fashion.

Nobody, but nobody, liked the midi and only 2% the maxi, and nobody, but nobody had "no opinion."

**Older? Drop that Mini!** After the watershed age of 30, men like a dress "at the knee" — 51% for the 30-49 age group and 82% for those over 50. A frisky 15% of the over-50's like "em' mini length. But only 2% says "yes" to a maxi too much like what mother used to wear!

Men, taken as a whole, like "the knee" by 53%, with the mini a second at 33%. The midi has only 9% of the vote and the maxi a poor 1%.

Older women — 50 and over — like a dress "at the knee." At least 71% of them do. Only 3% choose the mini in this age group, but come, come Dr. Gallup: you asked "which dress' length do you like best?" Now at the age 50, you might not like to wear

EENIE, MEENIE, MINEY . . . That maxi on the far right is low on the totem pole as well as on the leg. It gets only a 1% vote from American women of all age brackets as a preferred style. (Lorraine Ferrucci is wearing it). The middle midi fares somewhat better with a "yes" from 10% of all women. (Patricia Adams is the model). The mini gets 18%, and that's Barbara Wert showing the knee. The overall favorite, who didn't quite make it into this group shot, is the "at the knee" length, which 20% of all women prefer. Clothes are by The Second Look, photo by Ulli Steitzer.

a mini skirt but you might like the style very much on a coat of 22. These older women prefer the midi to the maxi by 21% in 1%.

**Max? Never!** In the next youngest age bracket that's women between 30 and 49 — "at the knee" has an even stronger lead with 79%, but the clear second place choice

**Open House at Observatory**  
The Princeton University Observatory will open its Peyton Hall telescopes to the public in a series of seven evening open houses beginning Wednesday, October 7.

The open houses, to be held between 7:30 and 9:30 p.m., will consist of illustrated, nontechnical lectures and the opportunity to view the skies through the 4 1/2- and 9-inch telescopes located atop Peyton Hall. Lectures will begin at 8.

In addition to next week's program, the Observatory will be open on five other Wednesdays: November 4, January 6, February 3, March 3, March 31 and May 5.

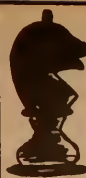

According to V. Richard Boscarino, Assistant to the Director of the Observatory, all seasons have been scheduled when the moon is in its first quarter, a time when the lunar mountains and valleys are most sharply defined. The timing also allows good viewing of the less bright stars and planets. Mr. Boscarino said, because the light from the moon is not sufficient to "wash out" the skies,

the mini with 18%. The over 50's may like the midi, but the not quite middle aged brush it off with only 3%, and give nothing at all to the maxi.

Dr. Gallup warns, of course (but his question said "which do you like BEST?") This means a mini supporter might well have a midi or two hanging in the closet.

The survey was made late this summer, using 1,501 adults in "more than 300 scientifically selected communities across the nation."

But Dr. Gallup — what a bout pants suits?

**WE OPEN WITH MILLER**  
"All My Sons," Arthur Miller's anti-war play "All My Sons," will launch McCarteer Theatre's 1970-71 repertory season with an opening night performance on Friday, October 16 at 8:30 p.m.

Two weeks later, McCarteer will offer the second play, Lorraine Hansberry's contemporary classic "A Raisin in the Sun." The third play will be George Kelly's comedy, "The Shogun." (O.C.)

The spring season will begin in February with that world premiere—Theodore II White's "Caravans of the Nation." Then comes Jules Feiffer's "Little Murders," followed by Oscar Wilde's "The Importance of Being Earnest." Harold Pinter will close the season in April with "The Homecoming."

A Discount Coupon Book of eight coupons is available at McCarteer's box office. The eight coupons are exchangeable for seats at any performance in the season, either Thursday, Friday or Saturday evenings or Sunday matinees. (Coupons may be used one at a time, two at a time, or all at once for a theatre party.)

Regular subscriptions for the seven plays in the series are also on sale at the box office.

### OFF BROADWAY . . .

The story of Miss Hansberry moves back and forward in time from her childhood in a Chicago ghetto, to her school days, the year she spent at the University of Wisconsin and the years of triumph in New York. Letters, diaries, notebooks and fragments of her plays have been woven together by Robert Nemiroff, her husband, to form "To Be Young, Gifted and Black." A single actress plays Miss Hansberry—all in turn portray her, her characters and the people who affected her life.

### "ROSEMARY'S BABY"

Weekend Film, "Rosemary's Baby," the 1968 film with Mia Farrow, will be shown at McCarteer this Friday at 7 and 9:30 p.m. as part of the theatre's Fall Film Festival.

Roman Polanski directed, basing the film on Ira Levin's novel. It's a melodrama, turning around witchcraft. In the cast are John Cassavetes, Sidney Blackmur and Ruth Gordon.

### SORRY, NEW WORK OFF

Graham's Company Changes Plans. Martha Graham's new work won't be performed in Princeton after all (it had been postponed until Spring).

In its place, the Martha Graham Dance Company will present "Cave of the Heart," the composition that deals with the Medea legend. The score was composed on commission by Samuel Barber. The setting is by Isamu Noguchi.

Miss Graham's company will dance at McCarteer on Sunday, October 11 at 3 p.m. Other dance works on the program will be "Diversion of Angels," scored by Norman Delio Joia and "Every Soul is a Circus," a comedy drawing its title from a Vachel Lindsay poem.

### "ISABEL" COMING

Opens Film Series. The International Film series will open each year by McCarteer will open next Wednesday, October 7, at 8 p.m. with Paul Almond's "Isabel," a Canadian film starring Genevieve Bujo.

Miss Bujo, who is Mr. Almond's wife, is known for her work in "Anne of the Thousand Days." Filmed entirely in Quebec and the Gaspe, "Isabel" continued on next page.

**PLAYHOUSE**  
Cotton Comes to Harlem  
(now playing) is a black action  
drama in which blacks are pre-  
sented as cunning and in  
fighting among themselves,  
dealing with one another in a  
sprinkled way.  
Based on Chester Hime's no-  
vel of the same name, the film  
is loaded with hip black humor  
or. The pace is swift, with  
scenes linked in a slam bang  
style. It plays broadly for

laughs and develops its melo-  
drama firmly.  
Calvin Lockhart walks  
through his role as the Rev.  
Deke O'Malley, self styled op-  
erator of a hook in Africa plan.  
He accumulates \$37,000 before  
detectives Godfrey Cambridge  
and Raymond St. Jacques por-  
tially foil him. These two char-  
acters "Coffin Ed Johnson" and  
"Grave Digger Jones" must  
now be added to movie super-  
stunts. There's a wild car  
chase scene, a very funny bed  
room scene with a white pa-  
trician, and effectively jivy  
music by Galt MacDermot.

Fellini Satyricon (now play-  
ing) is a large scale cross be-  
tween DeMille and Kubrick,  
providing a staggering visual  
experience.  
"Satyricon" re-creates a styl-  
ized, impressionistic concep-  
tion of pre Christian Roman so-  
ciety's atmosphere. It bur-  
les one awesome tableau after an-  
other, so rich in texture and  
composition that easily sated  
viewers will encounter monoton-  
y.

Many frames are composi-  
tions of cross sections of Roman life  
from corrupt aristocrats to  
deformed peasantry. Brutal-  
ity and vice are standardized.  
The encounters of the young  
protagonist, played by Martin  
Putter, are followed by Fellini  
in the style of an almost halu-  
cinatory odyssey. While the  
direction is neutral, the inference  
is that the material excesses  
and moral decadence of pre  
Christian Rome also character-  
ize contemporary life.

## IT'S NEW To Us

### IT'S ALL THERE

On Nassau Street. You can buy anything from a shoelace to preferred stock on Nassau Street. You can arrange a ski trip to Europe at American Express or Kullers, or buy an antique dress at Country Antiques. It's an extraordinary street, when you come to think of it, because most of the action is confined to one side of the street.

Nassau Street is where you'll find three investment houses, and a great potpourri of doctors, dentists, lawyers, architects, city planners, realtors and interior decorators. There are two banks (and a branch office), two importers of delicacies, Nassau Delicatessen and Princeton Gourmet, the drop in A&S Lunch, Barton's with it's "Shoes must be worn," and PJ's for pancakes.

For housewares, the range is from pots and pans and miscellaneous at Woodworth's, Farr Hardware and Gourmet to Spode and Waterford at the Cummins Shop, and fine furniture at Nassau Interiors and at the Viking.

supply you with a tinted glass ring at the \$ 5 or 10 or a \$3,000 diamond at LaVake's, or sneakers at Halls or pass jackets at the Game Room or Adidas track shoes at Varsity Shop, or — The list is endless. Nassau has three drug stores, all of which sell everything from prescriptions and mouth wash to expensive perfumes.

There are ten dress shops, including a specialty house, Allen's, for children and a children's section in Bellows. If you need paint for your house, Nassau Street has Soto and Morris Maple, or, for pipe problems, J.B. Redding Plumbing. For chasers after this heady stuff, Nassau Street has four gasoline stations, three liquor stores, and six specialty shops for men's wear.

There's Male's Book Shop open until 11 p.m. at night, and Friday 100 which was mobbed on Gallery at the preview of the Paul & Mary Hill television show. There are two barber shops and, far down at Harrison Street, a hair stylist for men.

And two shoe stores, Halls and Richard's, and a hobby shop, and the Garden Theatre — all on Nassau Street.

We stopped in at American Express last week and learned that most of the Christmas cruises are sold out, a good commentary on the so-called tight economy. Also, Hrit Palmer says AmEx is receiving a flurry of bookings for ski trips to Europe and for Club Mediterranean.

Ladybug, right next door almost, is showing slacks and pants suits this fall. It has found some response to the mid-look, but there's been on great rush for it. The young in heart are buying chokers of tiny beads of slim chains, and the bright, peasant weave belts have had to be reordered twice. At Schuler's you'll see white jade bracelets and elegant antiques.

At the Second Look, you'll find interesting belts of pony-skin with huge, rather medieval, buckles. And next door at Etienne Aigner are the clunky heeled shoes in high gloss leathers and leather-looks, and some stunning over-the-shoulder bags. The most outstanding boot is a knee-high with an insert of suede outlined in brass nailheads.

Harry Ballot's men's shop at 20 Nassau is showing London Fog raincoats in the tight "Hampton Row" check. There's a removable lining of pile. And next door at the Country Squire, are plaid slacks, paisley ties and some beautiful sweaters — even the girls come in for the sweaters. Carolingian Graphics, with its upside-down trumpery emblem, is just getting going again. Carol Stoddard will have graphics on exhibit and the Carolingian Press's limited editions of books will be available.

Going on down Nassau — and it keeps getting more fascinating — you'll find your grandmother's favorite soap, "Pears," and her favorite cologne, "4711," as well as to-day's "Jungle Gardenia" by Yvonne, and a host of other contemporary scents at Marsh Pharmacy.

The English Shop — on it's men's side, is accenting striped shirts in the blue range, Glen plaid and tweed jackets, and those bulky Aran knits that are so timeless. On the women's side, the English Shop has marvelous striped tops for slacks and skirts — made of orlon and easy to wash. There are matching skirts and pants, too. You'll see the fake furs that the conservation-conscious are demanding, and there is a dark "mink" among them that will defy your discerning eye. Up front are "soft, exquisite chiffon scarves.

At Langrock's the offerings for men are tweedy. To wear with them, if you want, velvet shirts in rust or blue-green. Sweaters include some outstanding stripes with three button openings and a solid color collar.

Menging on to Saks Fifth Avenue, you'll see the "Tough look" (or the "Marlboro" look) in a sleek crinkle "leather" jacket, heavily lined with a sheepskin-like pile that shows at the edges for trim. And for variety, camel's hair coats in a creamy tone, and suede caps for cold days. The hurlup tiger in the window sports three geometric ties.

LaVake's will surprise its old customers with its new look. The enlarged section opens formally early in November. As you drift through you'll see the shop has room to display the silver and other refinements of life in a long, well-lighted room.

Skirm's, at the corner of Palmer Square, offers a touch of the wide, wide world with its copies of Paris Match and the London Economist, and a fine tobacco and pipes.

At the Nassau Delicatessen, coffee beans are ground to order with the choice including Columbian, Mocha Java, Espresso Roast and Brazil Santos. There are many natural cheeses, domestic and imported, and even hot coffee and sandwiches to take out.

Nassau Pharmacy's window has had the nude photo of Ali McGraw in Elizabeth Arden's clear plastic tub for months and months now, and it does add a certain something to the street. Ali is advertising "Sequan," a new exercise — the bath formula. You'll find — Continued on Next Page

**FRENCH TV CREW HERE**  
For Einstein Documentary. A segment of a color documentary on Albert Einstein was photographed here during the past week by a unit from the French Television System (ORTF). Dr. Einstein lived in Princeton from 1933 to 1953.

John Lallier, spokesman for the French unit, said that they had interviewed Dr. Einstein's former secretary, Miss Helen Dukas, who reminisced about the late physicist's daily life here — his work habits and his love of the violin.

"We also interviewed a young physicist, Curtis Callan, who is living here," Mr. Lallier said. "He told about the difference between physics then and now, and that the old theories of relativity still hold." Dr. Callan spoke in French. Miss Dukas's remarks will be translated.

Dr. Einstein's artist daughter, Margot, who lives in her father's house at 112 Mercer Street, is now in Switzerland, and the film unit will catch up with her there. They will also talk with his son and film further segments in Berlin, Zurich, Bern — wherever Einstein lived.

The crew of two women and four men operated from a big station wagon piled high with equipment. They photographed the Einstein residence, the Institute for Advanced Study where he worked, for many years and took aerial shots of the entire area from a helicopter rented from Mercer Air.

From photographer Orren Jack Turner in Hopewell, the unit obtained three portrait studies by Orren Jack Turner

Senior Lallier in 1922 after Einstein received the Nobel prize for physics, in 1927 after he had fled from Nazi Germany, and in 1947 upon his retirement from the Institute. The Turner photographs are planned as dividers in the film.

According to Mr. Lallier, the Einstein documentary will be aired on French television a two one hour programs in either January or February. There is a possibility, he said, that the film may be seen in this country on NET. The French unit had difficulty in rounding up archival photographs of Einstein taken during his years here. Interested residents may contact Mr. Lallier through the French Broadcasting System, 1239 Avenue of the Americas, New York City.

**SUBSCRIPTIONS NEEDED**  
To A&S PHS scholarship. Mrs. William F. Besser, Princeton High School PTA fund raising chairman, and Mrs. Raymond F. Male, chairman of this year's PTA scholarship fund magazine drive, remind parents and friends that magazine subscriptions make excellent Christmas gifts, especially when bought through the high school drive. Mrs. Male urged people to begin making Christmas lists in preparation for the drive which will be conducted by high school students Oct. 5-16. Student plans are under way and folders describing the magazine drive will soon be sent home to each high school family.

Mrs. Besser reminded subscribers to place their own renewals through the high school drive as well as new orders. The need for additional scholarship funds is urgent, she said, because of increased tuition and additional numbers of applicants.

Blue and white bumper stickers, urging "A Dollar a Scholar" are now being sold in the community to augment the scholarship fund.

Mrs. Male explained that the proceeds of the PHS magazine drive go into the PTA scholarship fund which last year received tax deductible status. She said tax free contributions also are welcome to augment the scholarship fund independent of magazine orders.

**APPOINTMENT MADE**  
To New School Faculty. Mrs. Marion Stone has been named to the teaching faculty of the New School for Music Study.

A graduate of Oberlin Conservatory and Northwestern University, Mrs. Stone had been a member of the faculty of Kendall College and of Northwestern University. She has taught at the Music School of the North Shore, Winnetka, Ill., at the Connecticut School for the Blind, and has served as assistant editor of "Clavier," a national music magazine.

### Clean Up!

Clean-up Week, Borough and Township, will start next Monday and continue through Friday.

Residents should put debris in containers at the curb early in the week so it can be picked up whenever the trucks are in the area.

Only material which one man can lift will be collected. Large branches removed from trees must be cut and tied into bundles and placed at the curb will also be picked up.

Yards, cellars, attics and vacant lots are all good harvesting places for debris and junk, municipal engineers point out. Removal not only cleans the place up but reduces the menace of rats, fire and mosquitoes.

#### YWCA OFFERS COURSE

**On Self-Defense for Women.** "Self-Defense for Women and Girls," a new course offered by the YWCA will begin Wednesday, October 7.

Enrollment for the class, which will meet Wednesdays from 1:30-2:30 p.m., is limited to 30. Registrations can be made at the YWCA office, Avalon Place.

Miss Judy Harris, New York manager of the Horan Programs of Self-Defense, will conduct the class, following the Horan program. This method is based on judo principles of balance and leverage, and includes exercises for flexibility and agility, karate, jujitsu, and aikido. Among the techniques to be covered will be escape from an attacker, and counter-attack and incapacitation of an assailant.

The Horan program has been taught at the New York Metropolitan YWCAs, St. John's University, New York City Police Community Action Programs, and was the basis for the self-defense program for the New York City Meter Mads.

Miss Harris is a staff member of the Women's Athletic Department at St. John's University, a former national judo champion, and holds a first and degree Black Belt, fourth highest certification in judo. She is secretary of the National Women's Judo Committee and of the Metropolitan (New York) Women's Judo Committee.

Nursery service will be provided for the use of the participants in the course. The course is offered by the Princeton YWCA's Department

of Health, Physical Education and Recreation, Mrs. John Costaro, director.

#### 5TH GRADERS INVITED

To Electronics "Class." Anybody who's a fifth-grader at John Witherspoon School can sign up for the Jaycees' annual — not football classic, but — Saturday morning electronics sessions.

Sending devices, a traffic light made from a juice can and innumerable electro magnetic gadgets have been made in previous Jaycee sessions.

This year, the free "class" will begin this Saturday, October 3 and will continue for four Saturdays. There will be two sessions of about 20 boys and girls each; 10 to 10:45 a.m. and 11 to 11:45 a.m. at John Witherspoon School. Six Jaycee members will teach. Students should sign up at the school.

Money — about \$200 for batteries, wire, bulbs and wood — comes from the proceeds of the Giants-Eagles football game sponsored yearly by the Jaycees in Palmer Stadium.

Also at John Witherspoon, the center indoor courtyard has become a Reading Center, featuring student collections of rocks and birds' eggs arranged with children's furniture through the courtesy of Herbert Spiegel of the furniture store. Orders for this furniture may be taken for Christmas delivery, and Mr. Spiegel is donating the proceeds to the John Witherspoon Parent Teacher Organization.

## Why Plan to Vote

REPUBLICAN DEMOCRATIC

By Sanford C. Reynolds, Jr.

By Carl E. Helm

I plan to vote for Charles E. Meyer for Princeton Township Committee because I feel he is well qualified in terms of his experience, ability and interest to help manage efficiently the affairs of the Township in coming years.

Charles has lived in Princeton Township with his wife and two children for six years and has first-hand knowledge and a good understanding of the many problems faced by our community during its period of most rapid growth.

During much of this time, he has been involved with the youth of both the Borough and the Township as a head coach in the Princeton Midget Football League. Through this association with our children, he has been exposed to many of the problems facing them, and has made it his business to learn more about those situations prevalent in our community today which lead to the behavior and reactions he has been seen in his midget footballers both on the field and off.

Charles's experience working with Princeton's youth has made him particularly concerned with several problems currently facing the community, and it is his sincere desire to make a sound contribution toward developing solutions for them.

He has promised to give major support and effort to find out a viable solution to the drug problem which confronts our children daily. He feels that some part of his solution may well lie in continuing the efforts to provide for the recreation needs of the entire community.

In addition, Charles thinks it is vital to work toward the construction of appropriate housing for all current residents of Princeton Township and make it possible for many who work in the community to find good housing which they can afford.

A graduate of the University of Tennessee who has done graduate work at the University of Pittsburgh, Charles Meyer has visibly demonstrated the combined effectiveness of his intelligence, ability and energy and the accomplishments he has made so far in his chosen vocation.

He is vice-president and a subsidiary of Ethicon, Inc., a subsidiary of Johnson and Johnson. His abilities have been recognized professionally by the Medical and Surgical Manufacturing Association which has elected him to their Board of Directors, and in addition, he has been selected for membership in "The Out

I'm going to vote for Jay Bleiman because I think his qualifications and his character will make him a valuable asset to our local government. This is a man who knows how to get things done, not simply refer them to committee for further study.

A West Point graduate, Jay retired from the Army as a Lieutenant Colonel in the Corps of Engineers. During his Army career, he served in Latin America, Korea, Greece and the United States. He earned a Master's Degree in Public Administration at Harvard, taught social sciences at West Point, then spent three years on the policy planning staff of the Defense Department, the group which was instrumental in the March 1968 decision to deescalate the Vietnam war.

As the director of the Mid-Career Program at the Woodrow Wilson School, with people from all phases of government service, people concerned with making government work better.

His wife teaches pre-school classes here in town and his daughter goes to Riverside School. He shares our local problems with traffic, pollution, population pressure and services. He is concerned about them, concerned enough to want to work at solving them.

Too often, messes like the Tower and the incinerator pop up full-blown because they have been allowed to fester out of the public eye for months. Jay Bleiman believes that government without realistic planning, government by postponement and patchwork is expensive.

He has the skills and experience to help the Township Committee use local, state, and national resources to preserve what we prize in Princeton and protect our pocketbooks while he's doing it. I think we will all benefit from his election.

standing Young Men of America group.

Charles Meyer has indicated to me that he is dedicated to fostering progress through good management. If elected to the Township Committee, he has promised to work for the continued improvement of Princeton Township and to implement new programs while keeping an eye on the tax rate. He heartily endorses the work and aims of current Republican committeemen Jack Wallace, Dean Chase and Bill Wilson and has pledged to work with Messrs. Wallace and Chase to continue the constructive growth that this group has provided for the Township.

Having worked with him for several years in the midget football program, I know he is willing to spend the necessary amount of time to do a job and do it well. He has demonstrated not only his concern for the youth of Princeton, but also his interest in why they perform as they do.

Charles is a most energetic person yet veils his outward enthusiasm behind a gentle, persuasive personality. He has proved himself a fine leader, a good administrator and a gentleman of impeccable character.

In summary, I shall vote for Charles E. Meyer for Township Committee because he is an interested citizen who has lived in our community for six years and is dedicated to making the Township a better place to reside.

He has proven leadership and management ability, is energetic and totally responsible. He believes that good management and sound financial planning can bring continued progress to Princeton Township without causing an unreasonable increase in taxes.

D-DAY — "DECISION DAY" is at hand for women and the length of their hemline. Will it be below the knee or above? The consensus of those interviewed below indicates that while some thigh will disappear, the knee will continue to be highly visible. So say Barbara Clancy (left) and Mrs. Cathy Howard. Stand fast, gals. Right on.

Question Of The Week

Question: It's time to make the big decision: do you plan to buy skirts above the knee or below the knee this fall?

Where asked: Around town... Mrs. Cathy Howard, Lawrenceville, secretary: Above the knee — five inches or higher. I think the longer length is okay if you have a certain type figure and it has to be a certain type dress. I've never seen anything that I've really liked. I like the midi coat but only with boots. In five years, I predict skirts will be obsolete for the women under 30. I think they'll all have switched to pants by then.

Miss Barbara Clancy, Princeton, secretary: Both. I like the maxi... I like the maxi coat a lot. As for skirts, I intend to continue to wear them short, about five inches above the knee. People seem to like the shorter length and I do, too.

Mrs. Benson Apple, 109 Parkside Drive, secretary, Princeton Seminary: Being the conservative that I am, I'll probably wear them right at the knee. I won't go below. It's not that I don't like the longer length, I just can't afford it. I do like the midi length coat.

Miss Carmen Burgess, Trenton, employee, Mathematics, Palmer Square: Above the knee — about six inches above. I don't like the midi. I think it makes a person look older. Why should anyone try to look older?

Miss Linda Warree, Princeton, claims supervisor, For street wear, I think I'll continue to wear them around the mini level, but I think the longer skirt is interesting as evening wear. It can be very attractive, especially in some materials.

Mrs. Kathryn Dunlap, Yardley, Princeton secretary: Just where they are now — an inch to two inches above the knee. And I plan to leave them there. I make a lot of my own clothes and even if I am the last one wearing them there, that's where they'll stay!

Mrs. Grace Lilley, 12 Sioux Road, Hopewell Township, secretary: Slightly below, very slightly. No midi, though. They're too aging. I'll probably come down a little bit; my husband thinks I should.

Mrs. Lydia Sfera, Windsor Castle Apartments, secretary, Princeton alumni council: They're certainly not going to be below the knee. The midi is ugly, it cuts the leg at the

Is there a  
principle for  
solving life's  
problems?

There is.

This Principle is called  
God. And His perfect  
laws are available for  
each of us to use in our  
lives.

In our Sunday School,  
children have fun  
learning how to solve  
problems of all kinds by  
turning intelligently to  
God as the Principle of  
perfection. And they  
find that this divine  
Principle is just as  
available and provable  
as the laws of mathe-  
matics.

We welcome your child

They are **Leonard H. Babby**, Magic Apartments, Lecturer in Slavic Languages and Literatures; **Dr. Charles E. Townsend**, 145 Hickory Court, Associate Professor of Slavic Languages and Literatures; and **Dr. Abraham L. Udovitch**, 247 Hartley Avenue, Associate Professor of Near Eastern Studies.

Mr. Babby, in the USSR this semester, is completing work on his doctoral dissertation, "A Transformational Grammar of Russian Adjectives," under a \$7,580 grant. Recipient of an award of \$8,085, Dr. Townsend will spend next spring and summer in Czechoslovakia, where he will do research and consult with scholars at the Czech Language Institute of the Czechoslovak Academy of Science in Prague. His research

topic is a description of modern Czech language with emphasis on word formation. He is also interested in evolving a general approach to the efficient description of Czech grammar as a whole.

**Dr. Ldovitch**, with a grant of \$7,475, will spend the spring semester studying material relevant to trade and other contacts between Egypt and the Western Mediterranean based on an archive of about 300 letters dealing with the activities of Nabray b. Nissim, a prominent merchant and Jewish communal leader in Egypt in the 11th century. He will work at Oxford University (England) as well as in Tunisia and the United Arab Republic.

**Robert J. Moore**, son of Mr. and Mrs. Robert Moore, 813 Mt. Lucas Road, was named to the Dean's List at Ohio State University. A sophomore there this fall he is majoring in pre-med.

**Peter L. Sheeran**, 117 Park Side Drive, is part of a record freshman class of 800 men and women enrolled at Bucknell University this fall.

**Dr. Arthur S. Liok**, professor of American history at Princeton, will deliver an address on Woodrow Wilson at the Founders' Day program of the Presbyterian Historical Society next Thursday in Philadelphia. The historical society is the official repository of records relating to the 3.2 million member denomination. Its library contains more than 50,000 printed volumes and periodicals and some 400,000 manuscripts.

**Edward E. Booher**, Cranbury Neck Road, Cranbury has been named a group vice president at McGraw Hill Inc., in charge of Books and Education Services. Mr. Booher has been chairman of the McGraw Hill Book Co. since 1968, and has been its chief executive officer since 1966, shortly after his graduation from Antioch College. He has held both sales and editorial positions as well as general management responsibilities, for several departments of the book company.

ny. He became vice president of the book company in 1954, executive vice president in 1959 and president in 1960.

The appointment of **Otto G. (Buddy) Stoll**, III, of 120 Main Street, Kingston, as Studio Assistant to the Director has been announced by Dr. Edward J. Meade, Jr., Chairman of the New Jersey Public Broadcasting Authority.

Mr. Stoll will be responsible for assisting in the development of the Community Services Department and providing material for programming at the new State facility. He was previously employed at the Institute of Urban Studies, Montclair State College, where he was a special consultant to the director.

The Authority begins operation of the first of its four full color UHF stations in February with WNJ Channel 52 in Trenton. Three others will begin telecasting at other parts of the State later in the year, giving statewide coverage of news, sports, special events, and entertainment in New Jersey.

# Tigers to Begin Quest for 1970 Ivy Title against Columbia

A Princeton football team, which may have the fastest backfield ever to represent the Tigers will begin defense of its share of the Ivy title Saturday afternoon against Columbia. A 2 p.m. kickoff is set for the Palmer Stadium contest, to which the visitors will bring a better team than they have fielded in the last half dozen years.

Enough huddle strength at Columbia has been blended with the best freshman team in the last quarter century to give the Lions a measure of balance they rarely enjoy. There are almost as many sophomores (10) on the first two platoons as there are overpeshness, so that maturity is lacking, but the New York ers have the potential to provide any team in the league with a fair share of opposition.

While rejuvenation comes from a number of sources, the prime architect is Don Jackson, the young quarterback who last fall started when he was a freshman to a team with Princeton's otherwise all-tuition Class of '73. In the 219 triumph over Lafayette, he hit on six of 14 passes for 100 yards, added another 41 yards and scored once on a 25 yard dash.

Classmates Tom Hurley and Steve Howland are the team's principal running backs. Standouts on the line are Mike Pysczynski, the all-Ivy center, and George Sharke, a 230-lb. end.

Despite the influx of unusual sophomore strength, Columbia is by no means deep, and off Princeton's solid 41 to 14 rout of Rutgers last week, it will be an upset of inexperience portions of the New Yorkers' win. They have not done so in the rivalry since 1945.

## LOOK UP AT COLUMBIA

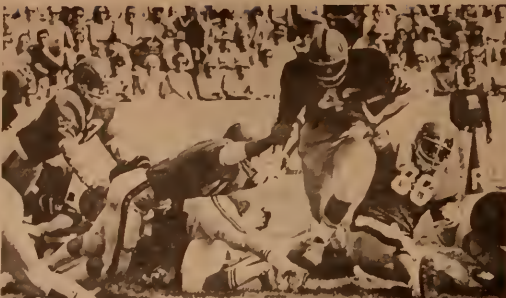

**OFFENSE:** Promising, but inexperienced. Sophomore quarterback Don Jackson has fine potential as a passer. Line back 160-pound running back and interior line has been largely rebuilt.

**DEFENSE:** Seven starters, several and depth is greater than in other years. However, probably lack more variety to contain Princeton.

**KEY ASSET:** Preponderance of juniors, and sophomores are squad will allow Lions to improve steadily from week to week. Personnel in general superior to recent years.

**KEY PROBLEM:** Lack of depth in backfield is not the equal of a better Princeton team. Lack of depth in backfield under such circumstances is difficult to beat.

**TYPE OF DEFENSE:** Multiple T, using tight, light and pro grids.

**FIRST OF THE SEASON:** At 5:42 of the opening period Saturday, flanker back Brian McCullough sliced through right guard for Princeton's first 170 touchdown. Tigers gave evidence there will be many more as they trounced Rutgers, 41 to 14. McCullough got another and half-back Hank Bjorklund also had a pair.

## TIGERS START OFF QUICKLY

Rutgers beaten at the Hall Although Rutgers led 7-6 at the end of the first quarter Saturday, Princeton took such complete charge of the game in the next 14 minutes that its team left the field for the remainder of the game. The victory, struck for three touchdowns, achieving a two-point conversion after the first, and coasting into the locker room on the wings of a 287-14 lead.

While the development of Junior Rod Plummer as a highly promising quarterback has raised a minor question that had been posed about the 1970 Tigers, two other factors have also developed heavily in their favor. One is the ability of the brand new line to pave the way for a running game which may rank with the best Princeton has known, the other is the emergence of a rebuilt defense and whose capabilities are undeniably greater than had been anticipated.

While progress on overall pass defense must be made, particularly for the Dartmouth game, the work of the defensive ends and the linebackers against Rutgers ranged from the satisfactory to the spectacular. Captain Dennis Burns and Pete Boyle each picked off a Rutgers pass from their line back positions to set up a Princeton touchdown, and generally led a band of defense that held a dangerous Scarlet ground game to minus 20 yards.

Steve Sikora, one of the top defensive ends in the league has been joined by Norm Townsend, a junior who has earned Jake McCandless' tribute as being 100% better than he was a year ago. Townsend worked so faithfully on conditioning during the summer that he added 25 pounds and on Saturday paired to perfection with Sikora. They weigh, respectively 235 and 225 and are both extremely adept at the pass rush.

**Backfield Speed Abounds.** With Plummer a fast quiet back, who can run when his receivers are covered, the backfield that he forms with Hank Bjorklund, Doug Blake and Brian McCullough is conceivably the fastest Princeton has ever had. Because the line is also quick on its blocking assignments, and its two ends are highly capable converted flankers, the Tigers have all the ingredients of a lightning running game.

This became quickly apparent Saturday when the Orange and Black drove 66 yards in

nine plays for its first TD with an uncourtly pass by John Pese's accurate pass. The PHS alumnus was two for two in the end of the afternoon, even with reserves largely in action during the final two periods. The Tigers' total offense was 471 yards, better than 75% of it rushing.

Bjorklund with 166 yards in 13 carries was the top runner, but when Plummer added 73 yards passing to the 71 he picked up on the ground, he led in total offense. Sweeping the middle with equal facility, Bjorklund picked up where he left off against Dartmouth a year ago and appears destined to become one of the Tigers' most spectacular running backs.

Plummer connected on seven of his first nine passes, two of them for touchdowns and also hit Blake accurately for a valuable two-point conversion. Largely used as a javayce a year ago, because both Scott Macdonald and Arnie Holberg were seniors, Plummer was the fuse for as explosive an opening drive offense as Princeton has detonated in years.

**Pese Puts Scarlet Ahead.** After the home team scored the first time it got possession of the ball, sophomore Jim Antal put two much behind his first conversion try and was wide to the left. Rutgers then marched 70 yards for a score.

taking the lead on the strength of John Pese's accurate pass. The PHS alumnus was two for two in the end of the afternoon, even with reserves largely in action during the final two periods. The Tigers' total offense was 471 yards, better than 75% of it rushing.

The TD that McCullough got Princeton in the first period on a shot through left guard from a yard out was followed by another on a broken play, the mark of a dangerous half team. Plummer was actually being tackled when he hit Bjorklund deep in the end zone, the latter making a leaping catch just short of the last chalk line.

Burns' interception, which was aided by a pass rush from Norm Townsend, was followed by a 30-yard pitch from Plummer to McCullough, three yards inside the end zone. That score came just 25 seconds after the last one and was tumbled by Rutgers coach John Baleman as "the play that broke our backs."

A 81-yard drive climaxed by Bjorklund's five-yard sweep a round right end made it 28-7 just before the half ended. Less than five minutes into the third quarter, Plummer covered the final four yards of a 66-yard march on a keeper for touchdown, no. 5.

Sophomore Willie Williams, Bjorklund's replacement, got the Tigers' final score at 8:20 of the third quarter, Rutgers narrowing the gap with its second TD just before the period ended. The final 15 minutes were scoreless, but served as a laboratory for many of the — Continued on Next Page

### HOME OPENER SET

For Princeton Day. The weather on such as anything else can help an undermanned Princeton Day School football team this Saturday in its 2 p.m. home opener against George School.

A temperature some 20 degrees below last Saturday's would be welcome to the 13 Panther players who played against Montclair, losing 29-12, when the winners punched across two fourth quarter scores.

Under the conditions, coach Dan Barren couldn't find too much fault with the way his boys played, many going both

ways against a rest Montclair had the personnel to substitute freely, keeping its troops fresh for the final period.

Barren wasn't taking anything away from the winners, however, crediting them with having their best team in years. PDS would have needed more than lower temperatures to win.

The same will be the case this Saturday against George School, which was victorious in its first outing 22-14 over Wilmington Friends. George has a big squad numerically, but physically it matches up evenly with the Panthers.

PDS does not, however, have a pair of backs to match the Hannev twins, Ron and Don, who were instrumental in the victory over Wilmington. Along with quarterback Tony Jackson they give George a potent attack, that will keep the Blue and White defense busy

### Ivy League Forecast

Princeton over Columbia Tiger offense impressive. Dartmouth over Holy Cross. Easy for the Indians. Yale over Colgate. Ehs have fine balance. Cornell over Lehigh. Not much of a contest. Harvard over Rutgers. Thin edge on offense. Brown over Penn. Bruins better defensively.

Last Week  
7 Right, 1 Wrong 85%

all afternoon. This will be the first Penn Jersey game for both schools. George, who played second last year with Perikemen, will probably finish there again, unless it can upset Hun.

PDS played Montclair an even terms for three quarters, giving up a first period touch

down to the home team, but then coming back with its own line and ran it back to the six pointer on a 55-yard aerial from Peter McCandless to David Claghorn. Neither team converted the extra point.

The third period produced no scores, but did serve to wear down the PDS players. Montclair began an 80-yard drive in the early stages of the fourth period, and broke the dead line when its fine running back Paul Cosentino went over from eight yards out. The PAT attempt was good.

After forcing PDS to punt, Montclair put the game out of reach with a second score set by a long run from senior Mike Cosentino. The PDS inside the five, but gave way on the fourth down.

With less than two minutes left, PDS freshman George Mayzell intercepted a Mont

clair pass on his own 43-yard line and ran it back to the Montclair 25. McCandless passed to Booth for 15 yards, and then took the ball in himself. The second conversion attempt also failed.

Despite the defeat, the Panthers showed they could pass as well as run on offense, splitting their offensive plays evenly. McCandless hit on six of 21 for 105 yards, and his receivers dropped three or four others.

Barren singled out Mayzell, playing his first varsity game for his defensive role in the secondary. Besides his interception, he was in on nine tackles, and received the team's weekly "bad cat" award. Rob Gips also did a fine job in the secondary.

Barren had high praise for all 15 boys who played in the game, including in addition to those already mentioned,

Kirk Moore, John Kalpin, Roger Williams, Carl Jacobelli, a standout at defensive tackle. Tony Dale, Mitch Surman, Howard Vine, Ted Vogt, Rob Norman and George Treves.

## PHS Eleven Looks Ahead to Ewing Game after Hamilton Tie

Combining two big scoring plays and the toe of sophomore Ned Fry to gain a 17-17 tie with favored Hamilton Saturday, the Princeton High School football team should rank as the choice to win in its upcoming contest with Ewing High School.

The game will be played at Ewing Saturday morning at 11.

Scouting the Little Tigers in the Hamilton game was Craig Wood, son of PHS coach Dick Wood, now a backfielder for Ewing. "Did you get it all done?" asked the senior Wood as the two met on the field after the game. Craig is a former PHS tailback.

Ewing started its season with a 22-6 victory over St. Anthony. Frustrated most of the first half by the underdog Iron Mike's, Ewing used a couple of big plays of its own, including a blocked punt and a 69-yard

**BOONE VS. CATIEL:** Princeton High School's Darryl Boone in the dark shirt and Hamilton's Ron Catiel (80) fight for pass thrown by PHS tailback Lou John Rossi with two minutes to go in the first half. Neither won as ball fell to ground. A few minutes earlier, Boone had grabbed a pass from two Hamilton defenders for one of those incredible receptions that only seem but doesn't believe. runner by Leon Clark late in the game to give new coach Frank Baron his first win.

In recent years, Ewing has proved to be a corky duking for PHS. Last fall, Wood sent the Blue Devils home with a 19-0 shut out for his only victory over a Mercer County school. No doubt, Ewing would like to reverse the trend, but in this father-son match, it looks like a victory for the establishment.

**Fry Ties Game.** Often a tie isn't a satisfying outcome, but the deadlock PHS gained from Fry's field goal with 45 seconds left in the Hamilton game was almost tantamount to a

later, still needing six. Rossi hit his quarterback, John Hodges with a pass in the flat. Hodges galloped to the nine.

But the weary Blue and White couldn't move against Hamilton and on fourth down, Wood signaled for Fry. After the game Wood defended his decision to go for the three point er and a tie by saying, "We have no depth. I had no fresh kids to put in. Our kids were tired and I just don't think they had the strength to push it in. Under the circumstances, I was happy for a tie," he added.

## Sports In Princeton

Continued from Page 42  
half. Its drives were checked by its own excessive penalties than by the PHS defense, which found Harris living up to the prediction of being the most explosive runner in the county.

Hamilton's first TD, a pass to Harris, was nullified by an offside penalty. Undeterred, the Hornets came back with another scoring strike again to Harris from 17 yards out.

In all, Hamilton with Harris accounting for half of the carries, ran up 212 yards on the ground in the first half. Meanwhile, with three minutes to go in the first period, PHS had handled the ball only three times.

In the end, Hamilton proved it was just a one man team. "What didn't that Harris do?" asked Wood after the game. "I just wonder what kind of team they would have without him."

Wood, while saying the team still had a lot of work to do, was happy with the running of Parker and the consistent line play of O'Brien. ("You have to be there to make the big play.")

He also cited a sensational catch by end Daryl Boone. "It didn't figure in a score but it helped keep our momentum going," he commented. In fact, all of the PHS receivers—Boone, Chris Latham, Jackson and Parker—helped Rossi connect on nine of 17 attempts for 100 yards.

A great deal of the success for Princeton's best start in three years belongs to Fry, the diminutive sophomore whose name didn't even appear on the roster. All he wants to do is kick, and to accomplish this he had a goal post erected in his back yard to practice. He reportedly even shoveled snow aside to keep at it in the winter.

As it turned out, his initial test was filled with drama. His first PAT was wide but he got a second chance when Hamilton was off side. His second attempt was good.

After Princeton scored again, Fry booted perfectly but this time PHS was called for illegal procedure and Fry had to try again from five yards further back. Again his second kick was good.

There was nothing untoward about his game-saving field goal and it seems certain that his toe is going to rescue or win more games in the future.

**HUN WINS OPENER, 20-3**  
Plays at Farragut Saturday. Victorious in its opener with Newark academy last week, the Hun football team will lay its unbeaten streak on the line for the 27th time Saturday when it travels to the Jersey shore for a 2 p.m. contest with Admiral Farragut.

The game will be part of parents day activities at Farragut. Last year, the future admirals nearly scuttled Hun

when they scored twice in the first period. Hun came back to tie the score in the final period and then eked out a 14-12 victory when its two-point conversion attempt was successful. The game Saturday will be Farragut's opener.

Petrone Goes 63 Yards. Hun opened its season with a bang. On its first play from scrimmage, Hun got on the score board as halfback Jack Petrone scored on a sweep from 63 yards out. An interception of a Newark pass by linebacker Mike Guadagno had given Hun the ball after Hun had kicked off to open the contest.

After the visitors scored their only touchdown to go ahead, 8-6, Hun regained the lead in the second period when Guadagno, a fullback on offense, scored on a one yard plunge.

Al Chalfoux and Rich Ziegler combined for Hun's final score in the third period. Chalfoux hitting the Hun captain with a 10-yard aerial strike. Chalfoux still not fully recovered from a sprained ankle, then passed to Guadagno for a two-point PAT play. That made it a 20-10-8 final.

Greg Cortina and Dirk White head led the stingy Hun defense, which yielded only 60 yards, with 15 and 14 tackles respectively. Eric Meyer and Ziegler combined for 19 yards. Petrone with 100 yards rushing was the game's leading ground gainer.

"Considering the heat, we were fortunate to come out of it the way we did," commented Hun coach Dave Leite. If there was one weakness on Hun's part, it was its pass defense which allowed Newark to complete 15 of 29 attempts.

Five junior division teams will be sponsored by Shinn & Company, Hilton Realty, J.P. Cleaver, Peterson Construction and The First National Bank. A four game schedule starts October 17 at Community Park Field.

Coaching the teams are Tony Baldino and Roger Gruedel (Shinn); Gerd Nunes, Dave Miller and Woody Phares (Hilton); Joe Opperman and Gerry Gunshier (Cleaver); Jim Ward, Patrick McKellar and Bob Taylor (Peterson); and Denny Crammins, Charlie Elliott and Vic Perone (Bank).

**FALL TENNIS PLANNED**  
For 12 and Under Players. Because of the larger than an anticipated interest in the 12 and under tennis tournament, the Princeton Recreation Department is sponsoring a round robin affair for all such players from 3:30 to 5 Monday through Friday at the Community Park Courts. This will be a continuous tourney throughout the fall, with prizes awarded to the player with the most points.

All players are to meet when ever possible at the Community courts and sign up with Bob Aldridge or Dan Thompson. Further information may be obtained from either of the above at 921-2847 and 924-3217.

**RAIN CUTS SCORING**  
In Pike Football. Driving rain and wind made for poor conditions for football Sunday. After a scoreless first quarter, Center Sports' County Flag league. Two contests ended in 0-0 deadlocks, and another at 8-8.

Harrison Athletic Club and Ivy Inn battled to one of the scoreless ties, with each side featuring a strong defense. IAC's was led by John Smithson, Jack Ainsworth, Ivan Riddick, Don Hanley and free safety Edgar Riddick. The Ivy defense was led by Dick McCloskey, Alan Wood, Don Pierre, Bruce Sandvick and Dick Olson.

Chester Wooten seemed to thrive on the inclement weather, scoring all three touchdowns for the Monarchs in a 28-0 rout of Center Sports. Wooten tallied on runs of 40 and 40 yards and raced 54 yards with an intercepted pass.

In other games, Mall Tavern blanked the Ewing Giants, 15-0. Dole's and Merry Go Round tied 0-0, and Joe & Lou's and Perilli's tied 8-8. Dole's leads the National Division with three points followed by the Monarchs in second place with two. Mall Tavern is 2-0 in the American Division, giving it four points, with Ivy Inn and Perilli's tied for second with three points apiece.

Mad at the final round. 3 Junction rolled 200. Following No. 3 which has come the winners of Rocky Hill (14) Pike Brook ten days earlier and Hook and Ladder and Dutch Neck (10 each). Four others led at 8 all.

Beverly Kiss of Nassau Conover with a 174-188 led the most pins in the Women's Business League. Irene Tamasi of last-place Tamasi Plumbing had 171. In the 160s were Sis Snyder, Alice Tunney, Sylvia Lewis and Evelyn Ender.

In first place in the 12 team league is Rocky Hill Inn with 16 points. Nini Plymouth is runner-up with 12. Four have ten points each: Nassau Conover, Balastieri, Bucci and Thorne's.

The Flight A championship of the club's Nine Holers was won by Mrs. Leonard Weinstein of Belle Mead. She defeated Mrs. Howard Konrad of Marlville 5 and 4.

Two of Mrs. Weinstein's three victims were Mrs. Frank Shapiro of Princeton and Mrs. William Geoghan of Rocky Hill. Mrs. Konrad also defeated Mrs. Timothy Ellard and Mrs. William Kelly, both of Belle Mead.

**QUACKENBUSH WINS**  
In Chamber Golf Play. Bill Quackenbush, varsity hockey and freshman golf coach at Princeton, won the seventh annual Chamber of Commerce Golf Tournament.

In one-day play Friday over the Hopewell Valley G.C. 11 course, Quackenbush shot an 18 hole total of 76 to take low gross honors. Tom Foody's net 71 topped the entries on a handicap basis. Tied for runner up honors in the low net division were Kester Pierson and Bill Boozier.

**Gymkhana SUCCESSFUL**  
Despite Wind and Rain. The weather which broke up the heat wave Sunday failed to keep the third annual Princeton Day School Gymkhana from being staged successfully. Spectators and contestants alike enjoyed the day long proceedings at Meadowmoor Farm on Cherry Hill Road as 17 events were held and satisfactory proceeds were raised for the school's benefit.

Bonnie Stewart and Marie Suthers each placed first in three different occasions, while John Petrich took two events. Others who won were Barbara Anderson, Teresa Packer, Ann Weeden, Jennifer Johnson, Cindy Blum, Donna Sussman, Betty Cobbs and Marylou Cobbs.

In a relay race, the winning trio consisted of Martha Brecht, Marjorie Belli and Ann Weeden.

**HOUSE HUNTING?**

**ARE YOU LOOKING FOR A QUALITY-BUILT HOME IN THE LOVELY TOWN OF PENNINGTON?** We have just the place... It's a lot on a little more than an acre of lovely landscaping, overlooking the mill race, and within walking distance of the park. 18 years ago and still owned by one family, it is in mint condition. All on one floor with an enormous living room featuring a fireplace and many built-ins! Two bedrooms with much closet space, and 1 1/2 ceramic tiled baths. A beautiful kitchen right next to the screened porch. Priced in the Forties! Please call us for a look... you won't be sorry.

**INCOME PROPERTY**... right here in Princeton, within walking distance of bus lines, Shopping Center and schools, and on a quiet, tree-lined street, we offer a nice home with living room (and fireplace!), dining room, modern kitchen, screened porch, 2 bedrooms, 1 bath on the first floor. ... PLUS an apartment upstairs to rent, and a room & bath downstairs which can be rented. \$39,500

**QUITE CHARMING**... on a country acre in Griggstown, this, fine one-story home is surrounded by lovely shade trees. Foyer (with huge closet), living room with fireplace, dining room, eat-in kitchen, 3 bedrooms, tiled bath (and another unfinished bathroom). Large basement with a finished playroom, work shop and another big unfinished room. Excellent landscaping. \$45,000

**GRIGGSTOWN**... one-story home of solid brick built by the owner. On a woody acre. Living room with fireplace, 3 bedrooms, 1 bath. In-law wing with separate entrance has another bedroom and bath, plus a kitchen. This fine home can also be easily converted to one family use. \$44,500

**SIX BEDROOMS**... and 3 baths! On a wooded lot in Lawn Lawrence, this is an excellent home for a growing family. Foyer with slate floor, living room with fireplace, dining room, large kitchen, laundry, family room, den, 2 bedrooms and 2 baths are on the first floor. Second floor: 3 bedrooms, 1 bath. Three-zone heat with bayboard radiation. \$69,500

**COUNTRY HOME**... on 5 lovely acres a few miles west of Hopewell, an old Colonial farm house, professionally restored (and with central air conditioning, too!) offers the kind of relaxed country living that you, perhaps, have often dreamed of. Entrance hall, study, powder room, nicely proportioned living room with fireplace, family-dining room with fireplace, large kitchen with eating area, screened porch. Upstairs, 3 bedrooms, 1 bath. Beautiful old shade trees shelter the house, and random-width pine floors make most of the rooms easier to decorate. 3-car garage with studio above. (22 more acres available) \$72,500

**ACRFAGE**... in a beautiful, wooded section of Hopewell Township, this 6.7 acre plot provides an ideal site for your new home in the country. Percolation test O.K. Immediate possession. \$22,500

**BUILDING SITE**... 2 acres in wooded Western Section of Princeton Twp. Water, sewer, all utilities. Close to private schools. \$30,000

Many more fine homes in Princeton & vicinity in a wide price range. Ample parking space for our clients.
